

INDEPENDENT AUDITORS' REPORT

To the Members of Anjaney Minerals Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Anjaney Minerals Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year/period then ended and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under Section 133 of the Act read with Companies (Accounting Standards) Rules, 2021, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, loss, changes in equity and other comprehensive income and the cash flows for the year/period then ended.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the relevant provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of the Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls with reference to financial statements, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;

(a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries ;
 (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding,

whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries and (c)Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the Management representations under sub-clauses (a) and (b) above, contain any material misstatement.

v. The Board of Directors of the Company have not proposed / paid any dividend for the year ended 31March, 2023, hence, no compliance of Section 123 of the Act was required.

3. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.:-

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

1. Corporate Information

Anjaney Minerals Limited (the 'Company') was incorporated on 22 October 2008 for export, import, produce, process, sell, buy, distribute and deal in metal and/or minerals.

2. Basis of Preparation of Financial Statements

a. Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 read with Rule 4A of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended, and other provisions of the Companies Act, 2013 ("the Act").

b. Basis of Measurement

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards (Ind AS) notified under the relevant provisions of the Companies Act, 2013.

These financial statements have been prepared on accrual basis under historical cost convention. The accounting policies are consistently followed by the Company.

c. Use of Estimates and Judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

d. Functional Currency and Presentation Currency

The functional and presentation currency of the Company is Indian Rupees

e. Current and Non-Current Classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities

Deferred tax assets and liabilities are classified as non-current only.

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

3. Significant Accounting Policies

a. Property, Plant and Equipments

Property, plant and equipment are stated at their cost of acquisition, installation or construction (net of Cenvat credit and other recoverable, wherever applicable) less accumulated depreciation, amortisation and impairment losses, if any, except freehold land which is carried at cost.

The cost of property, plant and equipment comprises its purchase price, including inward freight, import duties and non-refundable purchase taxes, and any cost directly attributable to bringing the asset to working condition and location for its intended use. Stores and spare parts are capitalised when they meet the definition of property, plant and equipment.

If significant parts of an item of property, plant and equipment have different useful life, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

b. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets -

➤ *Recognition And Initial Measurement*

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

➤ *Classification and Subsequent Measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt Instruments at Amortized Cost;
- Debt Instruments at Fair Value Through Other Comprehensive Income (FVOCI);
- Debt Instruments at Fair Value Through Profit or Loss (FVTPL); and
- Equity Instruments measured at Fair Value Through Other Comprehensive Income (FVOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

➤ *Derecognition*

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

➤ *Impairment of Financial Assets*

The Company assesses at the end of the reporting period whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) Financial Liabilities

➤ *Recognition And Initial Measurement*

Financial liabilities are initially measured at fair value. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and borrowings including bank overdrafts and derivative financial instruments.

➤ *Subsequent Measurement*

Financial liabilities are measured subsequently at amortized cost or FVTPL.

➤ *Derecognition*

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

➤ *Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

c. Revenue Recognition

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

Revenues are measured at fair value of the consideration received or receivable, net of returns and discounts to customers. Revenue from the sale of goods includes duties which the Company pays as a principal but excludes amounts collected on behalf of third parties.

- a) Interest income is recognized proportionately on time proportion basis using the effective interest rate method.
- b) For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

d. Tax Expense

Income tax expense represents the sum of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income.

a) Current Tax

The current tax is based on taxable profit for the year under the Income Tax Act, 1961. Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

b) Deferred Tax

Deferred tax is recognized on all temporary differences between the tax bases of assets and liabilities and their carrying amounts in the Company's financial statements except when the deferred tax arises from the initial recognition of goodwill or initial recognition of an asset or liability in a transaction that is not a business combination and affects neither the accounting nor taxable profits or loss at the time of transaction. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and unused tax losses to the extent it is probable that future taxable profits will be available against which the deductible temporary difference, the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets (including MAT credit available) is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

e. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalent includes cash on hand, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of Cash, Cash at Bank, and Bank overdraft and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

f. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

g. Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of a past events, and it is probable that an outflow of resources will be required to settle such an obligation and the amount can be estimated reliably. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate.

Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent Liabilities are not recognized but disclosed in the financial statements when the possibility of an outflow of resources embodying economic benefits is more.

Contingent Asset

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

h. Earnings Per Share

The Company presents basic and diluted earnings per share (EPS) for its equity shares.

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

i. **Critical Accounting Estimates, Assumptions and Judgments**

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, and disclosures of contingent assets and liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed in the paragraphs that follow.

(i) *Contingencies and Commitments*

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Company. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

Although there can be no assurance regarding the final outcome of the legal proceedings, the Company does not expect them to have a materially adverse impact on the Company's financial position or profitability.

(ii) *Fair Value Measurements and Valuation Processes*

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party, where required, to perform the valuation. Information about the valuation techniques and inputs used in

Anjaney Minerals Limited

Notes to Financial Statements for the year ended 31 March 2023

determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

(iii) Recognition of Deferred Tax Assets for Carried Forward Tax Losses and Unused Tax Credit

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition significant judgement is required in assessing the impact of any legal or economic limits.

ANJANEY MINERALS LIMITED**Notes to Financial Statements for the year ended 31 March 2023****(21) Financial Risk Management**

The Company has a system-based approach to risk management, anchored to policies & procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as market risk and liquidity risk) that may arise as a consequence of its business operations as well as its investing and financing activities.

Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with applicable regulation. It also seeks to drive accountability in this regard.

The Company does not have any borrowings. The Company's principal financial assets include Current Investments, Cash and Cash Equivalents and Other Financial Assets.

Risk	Exposure arising from	Measurement	Management
<i>Market Risk – Price Risk</i>	Investments in Equity Securities	Sensitivity analysis	Continuous monitoring the performance of investments
<i>Liquidity Risk</i>	Financial liabilities that are settled by delivering Cash or another Financial Asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities

The Board of Directors reviewed policies for managing each of these risks which are summarised below:-

(a) Market Risk**(i) Price Risk**

Market price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company invests in mutual fund schemes of leading fund houses. Such investments are susceptible to market price risk of the underlying assets, whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market.

(b) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering Cash or another Financial Asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities ,Due to the nature of the underlying business, the Company maintains sufficient cash and liquid investments available to meet its obligation.

The Company remains committed to maintaining a healthy liquidity, gearing ratio, deleveraging and strengthening the financial position. The maturity profile of the Company's financial liabilities based on the remaining period from the date of Balance Sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Company.

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation Technique used to determine Fair Value

Specific valuation techniques used to value financial instruments include:

- the fair value of all assets and liabilities
- the fair value of the financial instruments is determined using discounted cash flow analysis.

(iii) Fair value of financial assets and liabilities measured at fair value - recurring fair value measurements

Particulars	As At 31 March 2023	As At 31 March 2022
	Level 1	Level 1
<i>Financial Assets</i>		
Investment in Mutual Funds	26,952.44	23,630.96
Total Financial Assets	26,952.44	23,630.96

The carrying amounts of all other financial assets and financial liabilities are considered to be the same as their fair values, due to their short-term nature.

(iv) Significant Estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.
