INTRODUCTION

In the grand orchestra of India's steel industry, Maithan Alloys conducts a symphony of alchemical precision and enduring resilience. Like a masterful composition, our operations fuse raw elements into alloys of unmatched strength, striking chords of innovation and sustainability amid market crescendos.

Our theme, "Symphony of Success," echoes the harmonious interplay of material fusion and corporate spirit, where every note-from production to profitability-resonates with excellence. This report celebrates our crescendo in FY 2025-26, building on last year's

COMPANY OVERVIEW

Promoted by the Agarwalla family since 1995, Maithan Alloys has evolved from a single plant in Kalyaneshwari to a global manganese alloy virtuoso, part of a minerals legacy since the 1920s. Our expertise crafts customized alloys that fortify steel worldwide, much like a conductor unites diverse instruments into symphonic power.

We remain singularly focused on ferro alloys, blending conservative policies with bold expansions only after peak utilization—like composing movements that build to a triumphant finale.

Conducting Through Volatility

"Leadership is not about avoiding storms, but conducting harmony through them."

In FY 2025-26, volatility in raw materials and global competition tested our tempo, yet Maithan's resilient score delivered steady beats amid regulatory challenges. Power and ore price fluctuations, key cost drivers at 20-30% and 35-40% of expenses, were met with hedging and efficiency encores.

India's steel rebound as the second-largest producer (140+ Mt in 2023) fuels our optimism, with infrastructure and green steel initiatives promising a

Resilience in Numbers

Total income held firm despite headwinds, with EBITDA reflecting cost discipline amid lower realizations; other income swelled from investment gains, boosting net profit resilience. Net worth rose 10.58% to ₹ 4151.54 Cr, assets up 1.07% to ₹4854.48 Cr, underpinned by strong liquidity (current ratio 6.14).

Key ratios evolved: Net profit margin climbed to 19.86% via other income surges, while ROCE stayed robust through efficient operations.

Chairman's Statement

Dear Stakeholders,

It gives me great pleasure to present to you the Annual Report of **Maithan Alloys Limited for the financial year 2025-26**. The year under review was marked by a dynamic operating environment, characterised by fluctuations in commodity prices, energy costs, global economic uncertainties and evolving geopolitical conditions. Against this backdrop, your Company demonstrated resilience, financial discipline and operational agility, while continuing to strengthen the foundations for sustainable long-term growth.

Performance with Resilience

The year 2025-26 was another year of steady progress for Maithan Alloys. On a consolidated basis, the Company recorded **revenue from operations of ₹ 2,172.59 crore** and **total income of ₹ 2,584.55 crore**. Consolidated profit after tax stood at **₹ 440.94 crore**, reflecting the underlying strength of our business model and our ability to navigate changing market conditions.

Our performance has been supported by a combination of operational efficiencies, disciplined cost management, a strong customer franchise and our continued focus on value-added manganese alloy products. We remain committed to maintaining a prudent balance between growth, profitability and financial strength.

Strengthening Our Core Business

Manganese alloys remain at the heart of our business, and we continue to focus on strengthening our position as a reliable supplier to the steel industry in India and overseas. Our emphasis remains on product quality, consistency, customer responsiveness and efficient utilisation of our manufacturing capabilities.

The global steel industry is undergoing significant transformation, driven by infrastructure development, urbanisation, energy transition and the increasing emphasis on higher-quality and more efficient steel production. These structural trends create meaningful opportunities for manufacturers of specialised and value-added alloy products.

Sustainability and Responsible Growth

At Maithan Alloys, we recognise that sustainable growth cannot be measured by financial performance alone. Responsible use of resources, environmental stewardship, workplace safety, employee well-being and contribution to the communities around our operations are integral to our long-term philosophy.

We continue to focus on improving process efficiencies, optimising energy consumption and adopting responsible operating practices.

A safe workplace is fundamental to our business and reflects our responsibility towards our employees, business partners and communities.

Our People - The Foundation of Our Success

Behind every achievement of Maithan Alloys is the commitment and dedication of our people. Our employees have consistently demonstrated resilience, professionalism and a willingness to embrace change.

As our business evolves, we will continue to invest in capability development, leadership, technical skills and a culture of continuous improvement. We believe that an engaged and empowered workforce is essential for building a competitive organisation capable of delivering sustainable performance.

Governance and Stakeholder Trust

Trust remains the cornerstone of our relationship with all stakeholders. We continue to place strong emphasis on corporate governance, ethical conduct, transparency and compliance.Our Board and management remain committed to maintaining the highest standards of integrity and accountability.

Looking Ahead

As we look towards the future, we remain optimistic about the long-term prospects of the steel and ferro alloy industries. At the same time, we remain conscious of the challenges posed by commodity cycles, energy prices, international trade dynamics, geopolitical developments and changing regulatory requirements.

Acknowledgement

I would like to express my sincere gratitude to our shareholders, customers, suppliers, bankers, business partners, government authorities and all other stakeholders for their continued trust and support.

I also place on record my appreciation for the members of our Board for their guidance and valuable contribution. Most importantly, I thank our employees for their dedication and commitment. Their collective efforts have enabled the Company to navigate a challenging environment and continue on its growth journey.

With warm regards,

S. C. Agarwalla

Management Discussion & Analysis

MESSAGE FROM THE MANAGEMENT

The financial year 2025-26 was characterised by resilience, transition and renewed opportunities across the Indian industrial and manufacturing landscape. Against a backdrop of geopolitical uncertainty, changing global trade dynamics, commodity-price volatility and uneven global economic growth, the Indian economy continued to demonstrate strong underlying resilience.

For Maithan Alloys Limited, FY 2025-26 was marked by a significant improvement in revenue from operations, continued focus on operational efficiency, prudent financial management and further progress towards broadening the Group's business platform.

The Company's consolidated revenue from operations increased to ₹ 2,172.59 crore in FY 2025-26 from ₹ 1,805.61 crore in FY 2024-25, representing a growth of approximately 20.3%. Consolidated Profit After Tax stood at ₹ 440.94 crore. The year-on-year decline in reported PAT needs to be viewed in the context of the exceptionally high investment and other income recorded in the preceding year.

The Company's core ferro alloy business continued to benefit from the structural growth of the Indian steel industry. At the same time, the Company continued to pursue opportunities for diversification and long-term value creation.

Management remains focused on strengthening the Company's core competitive advantages while selectively developing complementary businesses and maintaining a disciplined approach to capital allocation.

GLOBAL ECONOMIC ENVIRONMENT

The global economy remained resilient during FY 2025-26, although the operating environment continued to be shaped by geopolitical tensions, trade-policy uncertainty, changing tariff structures, supply-chain realignment and commodity-price volatility.

Major economies experienced different rates of growth. While inflationary pressures moderated from earlier peaks, monetary policies remained influenced by inflation expectations, employment conditions and economic activity.

For the metals and mining industry, global economic developments remain particularly important because steel production, energy prices, freight costs, manganese ore availability and currency movements directly influence ferro alloy demand and profitability.

The global steel industry continued to experience a mixed environment. Weakness in some mature economies was partly offset by growth in emerging markets, particularly India.

Going forward, global steel production is expected to remain an important determinant of ferro alloy demand. The transition towards cleaner steelmaking, increasing emphasis on energy efficiency and the changing geographical distribution of steel production are also expected to influence the ferro alloy industry.

INDIAN ECONOMIC ENVIRONMENT

India continued to remain among the fastest-growing major economies during FY 2025-26.

Domestic consumption, infrastructure development, manufacturing investment, government capital expenditure, urbanisation and expanding private-sector investment continued to support economic activity.

The Government's continued focus on roads, railways, ports, power, housing, defence, renewable energy and industrial infrastructure is expected to provide structural support to steel demand.

The Indian economy's relatively strong domestic demand also provides a degree of insulation against weakness in global markets.

The combination of infrastructure-led investment and increasing manufacturing capacity is expected to remain a key driver of India's steel consumption over the medium to long term.

For the ferro alloy industry, this represents an important structural opportunity because manganese alloys are essential inputs in steel manufacturing.

INDIAN STEEL INDUSTRY

The steel industry remains the principal demand driver for ferro alloys.

India continued to strengthen its position as one of the world's leading steel producers during FY 2025-26. According to Ministry of Steel data, crude steel production increased strongly during the year, while finished steel consumption also registered healthy growth.

During April-December 2025-26, crude steel production increased by approximately **11.5% year-on-year**, while finished steel consumption increased by approximately **7.0%**.

This growth reflects the continued expansion of infrastructure, construction, automobiles, engineering, capital goods and manufacturing activity.

India's steel demand is expected to remain structurally strong because of:

- Infrastructure development;
- Urbanisation;
- Housing demand;
- Railway expansion;
- Road and highway construction;
- Industrial investment;
- Automobile manufacturing;
- Renewable-energy infrastructure;
- Defence manufacturing; and
- Expansion of domestic steelmaking capacity.

The Indian steel industry's continuing capacity additions provide a favourable long-term demand environment for manganese alloys.

FERRO ALLOYS INDUSTRY

Ferro alloys are essential inputs in steel manufacturing. Manganese alloys are used principally as deoxidising and alloying agents and contribute to the strength, hardness, toughness and durability of steel.

The industry's fortunes are therefore closely linked to steel production.

The key factors influencing the ferro alloy industry include:

1. Domestic and global steel production;
2. Manganese ore prices and availability;
3. Power costs;
4. Ferro alloy realisations;
5. Freight and logistics costs;
6. Currency movements;
7. Export-import policies;
8. Environmental regulations; and
9. Global trade conditions.

The Indian ferro alloy industry continued to operate in a competitive and volatile environment during FY 2025-26.

While steel demand remained supportive, producers continued to face pressure from fluctuations in manganese ore prices, power costs and international ferro alloy realisations.

The ability to optimise raw-material sourcing, energy consumption, furnace efficiency and product mix therefore remains critical to sustainable profitability.

COMPANY OVERVIEW

Maithan Alloys Limited is an established manufacturer and exporter of manganese-based ferro alloys and has developed a strong reputation for quality, reliability and customer service.

The Company's principal products cater primarily to the steel industry and include value-added manganese alloys.

The Company has established manufacturing facilities in strategically important locations and serves customers in India as well as international markets.

The Company's competitive strengths include:

Established Industry Presence
The Company has built considerable experience and domain knowledge in the ferro alloys industry.

Strong Customer Relationships
The Company has developed relationships with leading steel manufacturers and industrial customers.

Manufacturing Capabilities
Its manufacturing infrastructure enables it to produce ferro alloys to customer-specific quality requirements.

Product Quality
Consistent product quality remains a key differentiator in supplying ferro alloys to large steel producers.

Financial Strength
The Company's strong financial position provides flexibility to pursue growth opportunities while maintaining prudent capital allocation.

Experienced Management
The Company benefits from an experienced management team with substantial knowledge of the ferro alloys and related industries.

OPERATING PERFORMANCE

The Company's core business continued to demonstrate resilience during FY26.

The operating performance was supported by:

- Strong domestic steel demand;
- Higher customer requirements;
- Increased steel production;
- Improved revenue generation;
- Continued focus on production efficiency;
- Effective cost management; and
- Disciplined procurement.

The Company remained focused on maintaining product quality while optimising its production economics.

In a commodity-linked business, management's ability to balance production volumes, product realisations, raw-material costs and power costs remains critical.

The Company continued to focus on this balance throughout Fy26.

SEGMENT PERFORMANCE

The Group has progressively expanded its business activities beyond the traditional ferro alloy business.

The principal business remains ferro alloys, while the Group has also entered the real estate segment.

The ferro alloy business continues to be the principal operating engine of the Group.

The emerging real estate business provides an additional avenue for value creation and diversification, although its contribution and scale remain substantially smaller than the core ferro alloy business.

Management will continue to evaluate the performance and capital requirements of each business segment with emphasis on risk-adjusted returns.

RAW MATERIAL MANAGEMENT

The Company continued to focus on:

- Multiple sourcing options;
- Long-term supplier relationships;
- Quality optimisation;
- Inventory planning;
- Procurement efficiency;
- Monitoring of international prices; and
- Matching raw-material quality with product specifications.

Effective raw-material management remains one of the Company's principal competitive advantages.

EXPORTS AND INTERNATIONAL BUSINESS

The Company's international presence provides opportunities to participate in global demand for manganese alloys.

Export markets, however, are exposed to several external factors, including:

- Global steel production;
- International ferro alloy prices;
- Freight costs;
- Currency movements;
- Trade restrictions;
- Anti-dumping measures;
- Import duties; and
- Environmental regulations.

The Company will continue to pursue export opportunities selectively, while maintaining a strong domestic customer base.

The objective is to achieve an appropriate balance between domestic and export markets while protecting margins and managing market risks.

INVESTMENT AND TREASURY MANAGEMENT

The Company has maintained a significant investment portfolio and has generated meaningful income from its financial investments.

During FY26, the Group continued to actively manage its investment portfolio.

Investment income and fair-value movements can result in fluctuations in year-to-year reported profit.

Management therefore remains conscious of the distinction between recurring operating profitability and investment-related gains.

The Company's treasury philosophy continues to emphasise:

- Capital preservation;
- Liquidity;
- Diversification;
- Risk management;
- Appropriate returns; and
- Alignment of investments with the Company's overall financial strategy.

CORPORATE SOCIAL RESPONSIBILITY

The Company believes that responsible corporate citizenship extends beyond financial performance.

The Group and its promoter ecosystem have undertaken initiatives in areas including:

Education
Supporting education and learning opportunities for underprivileged children through community-based learning initiatives.

Women Empowerment
Supporting livelihood-generation initiatives designed to provide income opportunities and skill development for women.

Healthcare
Supporting healthcare initiatives, including medical treatment and eye-care programmes.

Differently Abled
Providing support for the treatment, education and welfare of differently abled children.

Environment
Supporting tree plantation and environmental conservation initiatives.

Animal Welfare
Supporting initiatives aimed at animal protection and welfare.

Sports
Supporting talented sportspersons and promoting sporting disciplines including boxing, powerlifting and athletics.

The Company believes that inclusive social development is an important component of sustainable value creation.

OUTLOOK FOR FY 2026-27

The outlook for the Company remains constructive over the medium to long term.

India's structural growth story remains favourable for steel and, consequently, ferro alloys.

The key growth drivers include:

Infrastructure
Continued government spending on roads, railways, ports, power and urban infrastructure.

Housing and Urbanisation
Rising urbanisation and housing demand are expected to support steel consumption.

Manufacturing
Government initiatives promoting domestic manufacturing and supply-chain localisation should support industrial steel demand.

Automotive
Growth in passenger vehicles, commercial vehicles, electric vehicles and auto components is expected to support steel demand.

Defence
Increasing domestic defence manufacturing and infrastructure investment represent additional sources of steel demand.

Renewable Energy
Wind, solar, transmission and storage infrastructure require substantial quantities of steel.

Steel Capacity Expansion
Expansion of domestic steelmaking capacity provides a structural opportunity for ferro alloy producers.

KEY PRIORITIES FOR FY 2026-27

The Company's strategic priorities for FY27 are expected to include:

1. **Strengthening the core ferro alloy business**
   Maintaining leadership through product quality, reliability and customer service.
2. **Improving operating efficiency**
   Enhancing furnace productivity, yield and energy efficiency.
3. **Optimising procurement**
   Maintaining competitive raw-material costs while ensuring quality and reliability of supply.
4. **Strengthening customer relationships**
   Deepening relationships with major steel producers and expanding the customer base.
5. **Expanding market opportunities**
   Pursuing attractive domestic and export opportunities.
6. **Prudent diversification**
   Developing new businesses selectively and allocating capital only where risk-adjusted returns are attractive.
7. **Strengthening sustainability**
   Improving resource efficiency and reducing environmental impact.
8. **Financial discipline**
   Maintaining liquidity, prudent leverage and disciplined capital allocation.
9. **Creating shareholder value**
   Balancing growth investments with appropriate returns to shareholders.

VALUE CREATION PHILOSOPHY

Maithan Alloys' long-term value creation philosophy is based on five pillars:

OPERATING EXCELLENCE
Delivering consistent product quality at competitive costs.

FINANCIAL DISCIPLINE
Maintaining a strong financial position and prudent capital allocation.

CUSTOMER TRUST
Building enduring relationships with customers through reliability and quality.

RESPONSIBLE GROWTH
Pursuing diversification and expansion opportunities without compromising financial discipline.

STAKEHOLDER VALUE
Creating sustainable value for shareholders, employees, customers, suppliers and communities.

CONCLUSION

FY 2025-26 demonstrated the resilience of Maithan Alloys Limited's core business.

Despite a volatile global environment, the Company achieved approximately **20% growth in revenue from operations**, reflecting strong business activity and continued demand for its products.

The Company's profitability was affected by the normalisation of investment-related income compared with the exceptionally strong performance of FY25. Nevertheless, the underlying operating platform remains robust.

India's continuing infrastructure development, manufacturing expansion, urbanisation and steel capacity additions provide a favourable structural backdrop for the Company's core ferro alloy business.

At the same time, the Group plans to develop additional business opportunities in areas such as real estate, high-tension cables, financial Investments and strategic consolidation.

Management will continue to pursue these opportunities with a disciplined approach, while protecting the Company's core strengths.

The Company's priorities remain clear:

Strengthen the core.

Improve efficiency.

Diversify selectively.

Manage risks prudently.

Invest responsibly.

Create sustainable long-term value.

The management remains cautiously optimistic about the Company's prospects and believes that Maithan Alloys is well positioned to participate in India's long-term industrial growth story.

Financial Analysis, 2025-2026

The revised financial statement has been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 and other applicable provisions of the Companies Act, 2013 read with the Rules framed thereunder.

The financial analysis is based on the revised Standalone Financial Statement of the Company for the financial year ended 31 March 2026, which has been prepared after giving accounting effect of the merger of Impex Metal & Ferro Alloys Limited into the Company and include restated comparative Financial Statement and other financial information for the financial year ended 31 March 2025.

PROFIT AND LOSS ACCOUNT ANALYSIS

Total income

Total income increased by 3.19% during the financial year 2025-2026, i.e. from ₹ 2550.37 crore in the financial year 2024-2025 to ₹ 2631.85 crore in the financial year 2025-2026 mainly on account of higher sales realization.

EBITDA

The Company's EBITDA decreased by 30.03% during the financial year 2025-2026, i.e. from ₹ 891.28 crore in the financial year 2024-2025 to ₹ 623.61 crore in the financial year 2025-2026 due to decrease in other income.

Finance costs

Finance costs increased by 94.77% during the financial year 2025-2026, i.e. from ₹ 21.01 crore in the financial year 2024-2025 to ₹ 40.92 crore in the financial year 2025-2026 owing to increase in interest cost.

Other incomes

Other income decreased by 38.93% during the financial year 2025-2026, i.e. from ₹ 725.35 crore in the financial year 2024-2025 to ₹ 442.95 crore in the financial year 2025-2026.

KEY FINANCIAL RATIOS

DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS, ALONG WITH DETAILED EXPLANATIONS THEREFOR:
(i.e. change of 25% or more as compared to the immediately previous financial year)

There are significant change in the following key financial ratios as compared to the previous financial year mainly due to decrease in the other income, resulting in lower profits during the financial year under review.

1. Interest Coverage Ratio decreased from 31.56 to 15.83 due to increase in average current borrowings during the financial year 2025-2026.
2. Current Ratio increased from 3.98 to 6.14 due to decrease in current borrowings and reduction in trade payable during the financial year 2025-2026.
3. Operating Profit Margin decreased from 7.95% to 7.41% due to increased in Power Cost during the financial year 2025-2026.
4. Net Profit Margin decreased from 34.58% to 19.86% due to decrease in Other Income during the financial year 2025-2026.
5. Return on Equity decreased from 18.28% to 11.00% due to decrease in Other Income during the financial year 2025-2026.
6. Debtors Turnover Ratio improved from 6.85 to 16.01 times during the financial year 2025-2026. The low ratio in financial year 2024-2025 was due to high sales at the end of financial year 2023-2024, payment for which had not become due on 31 March 2024.
7. Debt Equity Ratio decreased from 0.15 to 0.06 times due to decrease in current borrowings during the financial year 2025-2026.
8. Return on Capital Employed decreased from 19.16% to 13.29% due to decrease in other income during the financial year 2025-2026.
9. Return on Investment decreased from 19.55% to 10.85% due to drop in other income during the financial year 2025-2026.
10. Inventory Turnover Ratio decreased from 3.83 to 3.43 times due to increase in Inventory during the financial year 2025-2026.

Please also refer to Note No. 55 to the Revised Standalone Financial Statement for other Financial Ratios.

The Return on Net worth was 11.00% during the financial year 2025-2026 as compared to 18.28% during the financial year 2024-2025. The decrease in Return on Net worth by 39.84% is due to decrease in Other Income during the financial year 2025-2026.

RISK MANAGEMENT

Risk management is applied across all management levels and functional/project areas. Risk management initiatives are overseen by the Risk Management Committee. The committee members provide overall coordination of risk management processes and perform day-to-day monitoring of the risk management process across all segments of business.

Our risk management structure:

Risk Identification: Definition and descriptions of risk elements including sources, events, causes and impacts.

Risk Assessment: Analysing risk, its implications and forms of impact on the achievement of Maithan.

Development, assessment and follow-up: Developing, implementing and following up on risk management activities to achieve organisational goal.

Monitoring: Supervising the identification, assessment, implementation and follow-up of risk management.

PRINCIPAL RISKS AND THEIR MITIGATION MEASURES

Business risks

Industry risk (External risk) **Potential Impact:** • Slowdown in product offtake • Cyclical nature of steel industry • Unfair trade practices and remedial measures	**Mitigation measures** With a complete basket of ferro alloys product, strong relationship with the customers and financial flexibility, Maithan at present is in a sweet spot and is in a position to grow faster than the Industry.
Quality risk (Internal risk) **Potential Impact:** • Inconsistent product quality • Erratic quality of raw materials procured	**Mitigation measures** The Company works rigorously on the quality front with streamlined operating procedures. Stringent quality checks are followed to mitigate the risk, for both inward and outward supply of goods and materials.
Pandemic risk (External risk) **Potential Impact:** • Risk of loss of production • Risk of availability of manpower	**Mitigation measures** Strict adherence to Government Guidelines to counter pandemic, vaccination of manpower, necessary response measures including factory shutdowns, disinfecting and deploying safety measures in the factory and office premises, encouraging employees to maintain adequate social distance, etc. have been undertaken.
Strategic risk (Internal risk) **Potential Impact:** • Risk of erroneous strategic business decisions	**Mitigation measures** The Company has been conservative regarding business expansions. It only considers assets if the valuations fit the Company's comfort level.
Geographic risk (External risk) **Potential Impact:** • Risk of locational disadvantages • Risk of limited area of market	**Mitigation measures** The Company's Kalyaneshwari unit is located in the steel belt of India while the Visakhapatnam unit of the Company is close to two deep sea ports. Besides servicing Indian customers, the Company is servicing customers across countries.

Operational risks

Input Cost risk (Internal risk) **Potential Impact:** • Risk of increased cost of operations • Volatile rates of raw materials	**Mitigation measures** The Company is among the low cost manufacturers of ferro alloys and has superior process controls. Directors' Report

Dear Members,

Your Directors have the pleasure in presenting the 41st Annual Report on the business and operations of Maithan Alloys Limited (the Company or MAL) along with the revised Standalone and Consolidated Financial Statement for the financial year ended 31 March 2026.

The Board of Directors of the Company (the Board) at its Meeting held on 28 May 2025, had approved a Scheme of Merger by Absorption (the Scheme) between Impex Metal & Ferro Alloys Limited (IMPEX) and the Company under the provisions of Section 230 to 232 and other applicable provisions of the Companies Act, 2013. The Scheme, *inter-alia*, provided for the merger of IMPEX into the Company with an Appointed Date of 31 March 2024.

In compliance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) the Board at its meeting held on 16 May 2026 had approved the original Standalone Financial Statement and Consolidated Financial Statement of the Company for the financial year ended 31 March 2026, pending the sanction of the Scheme by the Hon'ble National Company Law Tribunal, Kolkata Bench (NCLT).

Subsequently, the Hon'ble NCLT, vide its Order dated 8 June 2026 (the Order) sanctioned the Scheme and the said Scheme became effective and binding upon all concerned consequent upon filing of a certified copy of the said Order with the Registrar of Companies, West Bengal on 30 June 2026.

Accordingly, the Company has given accounting effect to the merger in accordance with the accounting treatment prescribed under the Scheme and Appendix C of Indian Accounting Standards (Ind AS) 103 – 'Business Combinations of entities under common control' in the earlier approved standalone financial statements from the Appointed Date of 31 March 2024 and has revised the Standalone Financial Statement and Consolidated Financial Statement for the financial year ended 31 March 2024, 31 March 2025 and 31 March 2026.

Consequently, the Board at its meeting held on 4 August 2026, had approved the Revised Standalone Financial Statement and Revised Consolidated Financial Statement of the Company for the financial year ended 31 March 2026, which included the restated comparative Financial Statement and other financial information for the financial year ended 31 March 2025.

STATE OF COMPANY'S AFFAIRS AND OPERATIONS

Financial year 2025-2026 witnessed another year of sound financial performance of the Company as the Total Income registered a growth of 3.19% and Consolidated Total Income grew by 2.30%.

Other Income of ₹ 442.95 crore includes the fair value gain and realised gain (net) on Current/Non-Current Investments (measured at fair value through profit or loss) of ₹ 276.00 crore for the financial year 2025-2026 against ₹ 647.82 crore for the financial year 2024-2025.

Further, the Profit Before Tax stood at ₹ 564.23 crore and Profit After Tax stood at ₹ 434.77 crore for the financial year 2025-2026.

Ferro Alloys:
The financial year under review was characterized by a highly challenging global environment. Escalating US tariffs, shifting global supply chains, and compounding geopolitical conflicts created widespread economic uncertainty. In particular, the ongoing Russia-Ukraine conflict and recent geopolitical tensions and US/Israel-Iran war in the Middle East significantly disrupted global markets and trade routes.

The Ferro Alloys sector bore the brunt of these geopolitical fractures. Ongoing volatility in raw material markets was further aggravated by a severe global energy crisis, leading to steep increases in power costs, logistics and supply chain bottlenecks and has inflated overall production costs.

Amidst this volatile economic landscape and unprecedented geopolitical headwinds, your Company remained steadfast. Our ability to successfully navigate these evolving market dynamics reflects the robustness of our strengths and the absolute clarity of our strategic direction. By maintaining operational agility and strict cost discipline, your Company continues to safeguard stakeholder value while positioning itself for sustainable long-term growth.

During the financial year 2025-2026, the manufacturing operations at the Kalyaneshwari Unit in the State of West Bengal, partially remained suspended due to adverse market conditions. However, it has resumed its operations at its full capacity since 1 May 2026.

Meanwhile, the Bobbili Unit in the State of Andhra Pradesh (erstwhile unit of IMPEX) which had been completely shut down since April 2023 due to steep increase in power cost restarted its operations in mid-November 2025 following the stabilization of operational factors and returned to full manufacturing capacity by December 2025.

Pursuant to the authority granted by the Board via a resolution passed by circulation on 26 September 2025, the Company has sold all the capital assets of its ferro alloys manufacturing unit located at Byrnihat in the State of Meghalaya, through an Agreement dated 3 October 2025, at a total consideration of ₹ 25.48 crore (inclusive of GST).

Real Estate Sector:
The real estate sector in India is experiencing a significant structural transformation, firmly establishing itself as a key pillar of the nation's economic expansion. Defying global headwinds, the sector has demonstrated remarkable resilience and growth, driven by robust domestic demand, rapid urbanization, rising disposable incomes and supportive regulatory frameworks.

Economic resilience, urbanization inflow, demographic dividend and regulatory stability are the key drivers of real estate sectors in India, whereas input cost inflation, regulatory compliance and demand for skilled workforce are the primary challenges faced by it.

The long-term outlook for the Indian real estate sector remains highly positive. Accordingly, the Company has acquired pieces of land in Delhi. The Company continued to strengthen its presence in this segment. Your Company remains optimistic to leverage these emerging macroeconomic tailwinds to deliver sustainable, long-term value to its stakeholders. Given the pace of urbanisation, the management remains optimistic about the long-term prospects of the real estate sector.

Wind Power:
The Company has sold its wind mill division (comprising of one unit of 1.25 MW Wind Turbine Generator) at Village: Ghatnandre in Sangli District in the State of Maharashtra on a slump sale basis and has discarded its Wind Mill (comprising of two units of 1.25 MW Wind Turbine Generator) at Village: Hansuwa in Jaisalmer District in the State of Rajasthan.

Other Income:
Your Company maintains a robust capital allocation to balance liquidity management, capital preservation, and yield optimization. Pursuant to the authority granted by the Members the management during the financial year 2025-2026, evaluated avenues to enhance returns on the Company's available surplus funds, which were historically deployed in traditional banking instruments. To optimize asset utilization without compromising the financial stability, the available surplus funds have been deployed into the equity capital markets and the strategic acquisition of unlisted company shares, to garner higher risk-adjusted returns.

The long-term horizon of these investments allows the Company to navigate short-term market cycles comfortably. The Management remains highly confident that this balanced, risk-mitigated approach to treasury management will optimize capital efficiency, augment non-operating revenue, and deliver sustained financial value to our stakeholders.

CHANGE IN THE NATURE OF BUSINESS OF THE COMPANY

There was no change in the nature of business of the Company during the financial year 2025-2026.

However, the Board at its meeting held on 4 August 2026 has approved the alteration of the Main Objects clause of the Memorandum of Association of the Company to include investment activities that are outside the purview of regulatory thresholds prescribed by the Reserve Bank of India for classification of a company as an NBFC (Non-Banking Financial Company).

OUTLOOK

The information on the Business Overview and Outlook of the Company is discussed in the Management Discussion and Analysis Report on Page No1 of this Annual Report.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY AND THE DATE OF THE REPORT

The Board at its meeting held on 28 May 2025, approved the Scheme between IMPEX and the Company. The Scheme, with an appointed date of 31 March 2024, received approval of the Hon'ble National Company Law Tribunal, Kolkata Bench on 8 June 2026 and became effective on 30 June 2026. Accordingly, all assets and liabilities of IMPEX stood merged with the Company.

Except for the above, there have been no other material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year of the Company and the date of this Report.

SHARE CAPITAL

The Authorised and Paid-up Share Capital of the Company as on 1 April 2025 was ₹ 167.69 crore (comprising of 16,76,45,000 equity shares of ₹10/- each and 45,000 redeemable cumulative preference shares of ₹10/- each) and ₹29.11 crore (comprising of 2,91,11,550 equity shares of ₹10/- each), respectively.

However, the Authorised Share Capital of the Company stood increased from ₹167.69 crore to ₹182.69 crore comprising of 18,26,45,000 equity shares of ₹10/- each and 45,000 redeemable cumulative preference shares of ₹10/- each, consequent upon the merger of IMPEX into the Company.

Further, pursuant to Clause 12 of the Scheme and IMPEX being a wholly-owned subsidiary of the Company, no shares of the Company were issued in lieu of or in exchange for the shareholding of the Company in IMPEX and the issued and paid-up share capital of IMPEX stood cancelled, upon its merger with the Company.

Accordingly, the Paid-up Share Capital of the Company remain unchanged at ₹29.11 crore comprising of 2,91,11,550 equity shares of ₹10/- each.

As on 31 March 2026, the Company had not granted any employees stock option. The Company has neither issued any shares with differential voting rights nor sweat equity shares during the financial year 2025-2026. None of the Directors holds any convertible instrument of the Company. There has been no change in the Promoters' shareholding in the Company due to the merger of IMPEX into the Company.

DIVIDEND

The Board at its meeting held on 16 May 2026, declared an interim dividend of ₹11/- per equity share of ₹10/- each (i.e. @110%) for the financial year 2025-2026. Accordingly, the said interim dividend was paid on 29 May 2026 to the persons who were members of the Company as on 22 May 2026, resulting in an outflow of ₹ 32.02 crore.

The said interim dividend as declared and paid by the Board is subject to the confirmation of Members at the 41st Annual General Meeting.

Further, based on the Company's performance, the Board has also recommended for the approval of the Members, a final dividend of ₹6/- per equity share of ₹10/- each (i.e. @60%) for the financial year 2025-2026, to be paid on the total equity shares of the Company. The final dividend on the equity shares, if approved by the Members, will involve an outflow of ₹17.47 crore.

As per the Income Tax Act, 2025 (as amended), the dividend, if declared by the Members at the 41st Annual General Meeting, will be taxable in the hands of the Members and the Company will be required to deduct tax at source (TDS) in respect of approved payment of dividend to its Members at such applicable rate as prescribed under the Income Tax Act, 2025.

DIVIDEND DISTRIBUTION POLICY

In terms of Regulation 43A of the Listing Regulations, the Board has formulated and adopted the Dividend Distribution Policy.

The said Policy is available on the website of the Company at 'https://www.maithanalloys.com/wp-content/uploads/2025/08/Dividend-Distribution-Policy.pdf'.

AMOUNT TRANSFERRED TO RESERVES

The Board has decided to retain the entire amount of profit for the financial year 2025-2026 in the Statement of Profit and Loss.

DIRECTORS AND KEY MANAGERIAL PERSONNEL

Non-Executive Directors and Independent Directors

During the financial year 2025-2026, there was no change in the constitution of the Board.

However, during the current financial year, i.e. 2026-2027, Mr. Vivek Kaul (DIN: 00345022) ceased to be a Director consequent upon tendering his resignation with effect from 19 June 2026 upon the completion of his second term as an Independent Director of the Company. Accordingly, he also ceased to be a member of the Corporate Social Responsibility Committee of the Board.

The Board placed on record its deep appreciation for invaluable guidance, leadership, and exemplary contributions provided by Mr. Vivek Kaul, during his tenure as a Non-Executive Independent Director and as a member of the Corporate Social Responsibility Committee.

Further, during the current financial year, the Board at its meeting held on 13 August 2026, on the recommendation of the Nomination and Remuneration Committee, appointed Mr. Chandra Prakash Kakarania (DIN: 00203663) and Dr. Ridhi Agarwala (DIN: 11622124) as Additional Directors of the Company. They were also appointed as Independent Directors of the Company for a term of five (5) consecutive years with effect from 13 August 2026, in terms of Section 149, 152, 161 and other applicable provisions of the Companies Act, 2013, subject to the approval of the shareholders of the Company.

Mr. Naresh Kumar Jain (DIN: 00221519) and Mrs. Sonal Choubey (DIN: 10475331) were appointed as Independent Directors by the Board, with effect from 10 February 2024 for a period of three (3) consecutive years. Accordingly, their tenure as Independent Directors will conclude on 9 February 2027. The Board at its meeting held on 13 August 2026, on the recommendation of the Nomination and Remuneration Committee, re-appointed Mr. Naresh Kumar Jain and Mrs. Sonal Choubey as Independent Directors for a second term of five (5) consecutive years with effect from 10 February 2027, subject to the approval of the shareholders of the Company.

Accordingly, his tenure as Independent Director will conclude on 13 August 2027. The Board at its meeting held on 13 August 2026, on the recommendation of the Nomination and Remuneration Committee, re-appointed Mr. Aayush Khetawat as an Independent Director for a second term of five (5) consecutive years with effect from 14 August 2027, subject to the approval of the shareholders of the Company.

The Company has received a declaration from all the Independent Directors, affirming that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and the Listing Regulations.

The Independent Directors have also confirmed that they have complied with Schedule IV of the Companies Act, 2013 and the Company's Code of Conduct. They have also confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Additionally, the Independent Directors have submitted their declaration in compliance with the provisions of Rule 6(3) of the Companies (Appointment and Qualification of Directors) Rules, 2014, which mandates the inclusion of an Independent Director's name in the data bank of the Indian Institute of Corporate Affairs (IICA) for a period of one year or five years or life time duration till they continue to hold the office of Independent Director.

In the opinion of the Board, all the Independent Directors are persons of integrity and possess the relevant expertise and experience.

None of the Directors of your Company are disqualified as per the provisions of Section 164(2) of the Companies Act, 2013. Your Directors have made the necessary disclosures, as required under the various provisions of the Companies Act, 2013 and the Listing Regulations.

During the financial year 2025-2026, the Non-Executive Directors of the Company had no pecuniary relationship or transactions with the Company, other than receiving sitting fees and reimbursement of expenses, if any.

Executive Directors and Key Managerial Personnel

Mr. Subhas Chandra Agarwalla (DIN: 00088384) and Mr. Subodh Agarwalla (DIN: 00339855) continued to hold office as the 'Chairman and Managing Director' and 'Whole-time Director and Chief Executive Officer (CEO)' of the Company, respectively, during the financial year 2025-2026.

However, the Board at its meeting held on 13 August 2026, on the recommendation of the Nomination and Remuneration Committee, approved:

1. change in the designation of Mr. Subhas Chandra Agarwalla, Chairman and Managing Director of the Company, to the 'Executive Chairman' with effect from 1 October 2026.
2. change in the designation of Mr. Subodh Agarwalla, Whole-time Director and Chief Executive Officer of the Company, to the 'Managing Director & Chief Executive Officer' with effect from 1 October 2026.

The aforesaid changes in the designation of Mr. Subhas Chandra Agarwalla and Mr. Subodh Agarwalla are subject to the approval of the shareholders of the Company.

Mr. Sudhanshu Agarwalla and Mr. Rajesh K. Shah, continued to hold office as the 'President and Chief Financial Officer' and the 'Company Secretary' of the Company, respectively during the financial year 2025-2026.

None of the Key Managerial Personnel has resigned during the financial year 2025-2026.

Retirement by rotation

In accordance with the provisions of Section 152 of the Companies Act, 2013 and the Articles of Association of the Company, Mr. Subodh Agarwalla (DIN: 00339855), retires by rotation at the 41st Annual General Meeting and being eligible, offers himself for re-appointment.

The Board recommends the appointment/re-appointment of Mr. Chandra Prakash Kakarania, Dr. Ridhi Agarwala, Mr. Naresh Kumar Jain, Mr. Aayush Khetawat, Mrs. Sonal Choubey and Mr. Subodh Agarwalla at the 41st Annual General Meeting.

The Board also recommends the change in designation of Mr. Subhas Chandra Agarwalla and Mr. Subodh Agarwalla as stated hereinabove at the 41st Annual General Meeting.

The brief details of the Directors to be appointed/re-appointed are given in the Notice convening the 41st Annual General Meeting.

EVALUATION

Pursuant to the provisions of the Companies Act, 2013 and the Listing Regulations, the Board has carried out an annual performance evaluation through structured evaluation sheets for each Director (including Independent Directors), its Committees and its own performance. This evaluation was based on the criteria laid down in the Remuneration Policy of the Company and conducted in the manner specified by the Nomination and Remuneration Committee of the Company.

Further, during the financial year 2025-2026, the Independent Directors of the Company reviewed (i) the performance of Non-Independent Directors and the Board as a whole, (ii) the performance of the Chairman of the Company and (iii) the quality, quantity and timeliness of the flow of information between the Company Management and the Board.

MANAGERIAL REMUNERATION

In terms of the provisions of Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, disclosures and other details are as follows:

(a) (i) the ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the financial year; and

(ii) the percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary or Manager, if any, in the financial year

Name	Designation	Ratio of remuneration	% increase in remuneration
Mr. Subhas Chandra Agarwalla *	Chairman & Managing Director	886.57	304.16
Mr. Subodh Agarwalla	Whole-time Director & Chief Executive Officer	879.79	401.33
Mr. Sudhanshu Agarwalla	President & Chief Financial Officer	N.A.	319.17
Mr. Rajesh K. Shah	Company Secretary	N.A.	4.97%

N.A. = Not Applicable

** The remuneration structure of Mr. Subhas Chandra Agarwalla remained unchanged during the period under review. However, his total remuneration for the financial year 2025-2026 increased due to the variable pay component calculated as a percentage of the Company's profits.*

The Non-Executive Directors (including Independent Directors) of the Company are entitled to sitting fees for attending the meetings of the Board and Committees of the Board, within the statutory limits provided under the Companies Act, 2013. The details of the remuneration of each Non-Executive Director have been provided in the Report on Corporate Governance. The ratio of the remuneration of the said Non-Executive Directors to the median remuneration of the employees of the Company and the percentage increase in remuneration of the said Non-Executive Directors, during the financial year 2025-2026 are not comparable and therefore not considered for the above purpose.

(b) the percentage increase in the median remuneration of employees in the financial year -

The percentage increase in the median remuneration of the employees of the Company in the financial year 2025-2026 was 7.28%.

(c) the number of permanent employees on the rolls of Company -

There were 446 employees as on 31 March 2026 on the payroll of the Company.

(d) average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration -

The average percentage increase in the salaries of employees other than the managerial personnel during the financial year 2025-2026 on the basis of entitlement was 11.86%.

The managerial personnel are entitled to remuneration partly by way of fixed remuneration being monthly remuneration and partly by way of variable remuneration being a percentage on the profits of the Company, whereas the majority of employees other than the managerial personnel are paid by way of fixed remuneration only. The increase in the remuneration of non-managerial employees depends upon various factors like industry standards, the cost of living, individual performance of the employee during the financial year, etc.

The remuneration structure of Mr. Subhas Chandra Agarwalla, Chairman & Managing Director remained unchanged during the period under review. However, his total remuneration for the financial year 2025-2026 increased due to the variable pay component calculated as a percentage of the Company's profits.

The Members of the Company by passing a special resolution through a postal ballot on 28 December 2024 approved the alteration in the variable pay of Mr. Subodh Agarwalla, Whole-time Director and Chief Executive Officer with effect from 1 April 2025, consequent upon the increase in other business activities of the Company and general inflation. His maximum variable pay ceiling was increased from 2.00% to 2.50% of the net profits of the Company to be computed in the manner laid down under Sections 197 & 198 of the Companies Act, 2013 read with the Rules framed thereunder.

(e) affirmation that the remuneration is as per the remuneration policy of the Company-

It is hereby affirmed that the remuneration paid during the financial year 2025-2026 is as per the Remuneration Policy of the Company.

PARTICULARS OF EMPLOYEES

We report that, during the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Women Director. During the audit period, there has been no change in the composition of the Board of Directors.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were unanimous and no dissenting views have been recorded.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the Audit Period, the Company has not undertaken any specific events/actions that can have a major bearing on the Company's compliance responsibility in pursuance of the above referred Laws, Rules, Regulations, Guidelines, Standards, etc., except as follows:

a) The members of the Company at their Extra-Ordinary General Meeting held on 7 April 2025, authorized the Board of Directors to give loan to any person(s) or body corporate including subsidiary companies, give guarantee or provide security in connection with a loan and/or to make investment in excess of the limit prescribed under Section 186(2) of the Companies Act, 2013 for an aggregate amount not exceeding ₹ 5000.00 Crore.

b) The Board of Directors of the Company at its meeting held on 28 May 2025 has considered and approved a Scheme for the Merger of Impex Metal & Ferro Alloys Limited (a wholly-owned subsidiary) and Maithan Alloys Limited and their respective shareholders and creditors under the provisions of Section 230-232 of the Companies Act, 2013.

The Company has filed a petition before the Hon'ble National Company Law Tribunal, Kolkata Bench ("NCLT") for sanction of the Scheme and the Hon'ble NCLT vide its Order dated 8 June 2026 sanctioned the Scheme. The said Scheme became effective upon filing of a Certified Copy of the said Order dated 8 June 2026 with Registrar of Companies, West Bengal on 30 June 2026 with the Appointed date as 31 March 2024.

Accordingly, the Company has given effect to the said merger in accordance with the accounting treatment prescribed under the Scheme and Appendix C of Ind AS 103 - "Business combination of entities under common control" in the earlier approved standalone financial results from the Appointed date of 31 March 2024 and has revised the financial statements of the company for the year ended 31 March 2026 as approved by the Board of Directors on 16 May 2026.

c) Pursuant to authority granted by the Board on 26 September 2025, the Company has sold all the Capital Assets of its manufacturing unit located at Byrnihat in Ri-Bhoi district of the state of Meghalaya through an agreement dated 3 October 2025.

d) During the period under review, following subsidiary companies were incorporated by the Company:

Name of Subsidiary	Date of Incorporation
Maithan Fresh Private Limited	6 June 2025
Maithan Nutrition Private Limited	25 July 2025
Maithan Capital Limited	18 December 2025
Maithan Electronics Private Limited	27 January 2026

e) The Company had acquired the 80% Equity Shares Capital in "Goldtree Impex Private Limited" (GIPL) on 12 May 2025 vide a 'Share Purchase Agreement' dated 21 April 2025. Consequently, GIPL became a subsidiary of the Company.

Subsequently, pursuant to an 'Agreement for Sale and Purchase of Equity Shares of Goldtree Impex Private Limited' dated 16 March 2026, M/s. Maithan Ferrous Private Limited (a subsidiary of the Company) has acquired/received 80% Equity Shares Capital of GIPL from the Company on 18 March 2026 and 20% Equity Shares Capital of GIPL from the remaining shareholders of GIPL on 25 March 2026. Consequently, GIPL became a stepdown subsidiary of the Company w.e.f. 18 March 2026 and wholly owned stepdown subsidiary of the Company w.e.f. 25 March 2026.

f) Maiuni Ventures LLP has been incorporated pursuant to an Limited Liability Partnership Agreement (LLP Agreement) entered into by the Company with Unicorn India Ventures Services LLP having ₹249.99 crore as overall capital contribution commitment by Maithan Alloys Limited.

**Our earlier Secretarial Audit Report dated 16 May 2026 (UDIN F005699H000371757) has been superseded by this Secretarial Audit Report which was issued pending sanction of the Scheme of Merger of Impex Metal & Ferro Alloys Limited with the Company, by the Hon'ble NCLT. Consequent upon the scheme becoming effective, we at the request of the management, have issued this revised secretarial audit report solely with a view to enable the Company to comply with the statutory requirements/norms and adhere to good corporate practices.*

1] Commodity price risk and Commodity hedging activities:

Your Company is materially exposed to domestic and international market fluctuations in price of commodities like manganese ore and coal/coke. Almost entire purchase and sale of commodities of the Company are exposed to Commodity Price Risk. The Company manages the risk associated with commodity price by maintaining similar duration of order book and inventory book. The Company does not enter into commodity hedging activities.

The Management based on its intelligence and monitoring, track commodity prices and their movements and ensures that the Company is adequately protected from the market volatility in terms of price and availability.

Accordingly, the Company does not have any exposure hedged through commodity derivatives during the financial year 2025-2026. Therefore, there is no disclosure to offer in terms of Master Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated 30 January 2026 issued by SEBI, other than stated above.

2] Foreign Exchange risk and hedging activities:

The Board monitors the foreign exchange exposures on a regular basis as well as the steps taken by the management to limit the risks of adverse exchange rate movement. Further, the currency fluctuation risk is mitigated through natural hedge resulting from the Company's export and import. During the financial year 2025-2026, the Company continued to manage the foreign exchange risk and hedged to the extent considered necessary. The Company enters into forward contracts for hedging foreign exchange exposures against its exports and imports, as and when deemed necessary. The details of foreign currency exposure are disclosed in Note No. 49 to the Revised Standalone Financial Statement.

Remuneration Policy

(Adopted by the Board of Directors on 28 January 2019 to be effective from 1 April 2019)
(As amended on 28 May 2025)

PURPOSE

The Remuneration Policy of Maithan Alloys Limited ("the Company") applies to all the Directors, KMP and other Employees on the payroll of the Company. The Board of Directors of the Company ("the Board") have adopted this Remuneration Policy at the recommendation of the Nomination and Remuneration Committee (the "NRC").

The policy reflects the Company's objectives for good corporate governance as well as sustained and long-term value creation for shareholders. In addition, it ensures that:

- the Company is able to attract, develop and retain high-performing and motivated Employees in a competitive domestic market.
- Employees are offered a competitive and market aligned remuneration package making fixed salaries a significant remuneration component.

The Board has established a Nomination and Remuneration Committee to set guidelines for the review and control of compliance with the Remuneration Policy of the Company. The NRC works as an extended arm for the Board with respect to remuneration issues.

DEFINITIONS

Words and expression used in these regulations shall have the same meanings respectively assigned to them in the Companies Act, 2013 (the "Act") and rules and regulations made thereunder or as defined under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

PROCEDURE FOR APPOINTMENT AND CESSATION OF DIRECTORS, KEY MANAGERIAL PERSONNEL (KMP) AND OTHER EMPLOYEES

   Due to the reasons for any disqualification mentioned in the Act or under any other applicable law, rules and regulations, the NRC may recommend, to the Board with reasons recorded in writing, removal of a Director or KMP or Employee subject to the provisions and compliance of the said Act, Law, Rules and Regulations.

4. **Retirement:**
   The KMP and other Employees shall retire as per the applicable provisions of the Act and the prevailing policy of the Company. The Board will have the discretion to appoint/re-appoint/retain the KMP and other Employees in the same position/ remuneration or otherwise even after their attaining the retirement age, for the benefit of the Company.

REMUNERATION MATTERS

i. To consider and determine the Remuneration, based on the principles of:
   a) pay for responsibilities,
   b) pay for performance and potential, and
   c) pay for growth and ensure that the remuneration fixed is reasonable and sufficient to attract, retain and motivate the Employees;

ii. To take into account, financial position of the Company, trend in the Industry, appointee's qualification, experience, past performance, past remuneration, etc.;

iii. To bring about objectivity in determining the remuneration package while striking a balance between the interest of the Company and the Shareholders;

iv. To consider other factors as the NRC shall deem appropriate for elements of the remuneration of the members of the Board and ensure compliance of the provisions of the Act and other applicable laws;

v. To consider any other matters as may be requested by the Board.

REMUNERATION COMPONENTS

The various remuneration components are combined to ensure an appropriate and balanced remuneration package.

The remuneration components are:

- Fixed Remuneration (including fixed supplements)
- Performance-based remuneration (variable remuneration)
- Other benefits in kind
- Severance payment, where applicable

Fixed Remuneration:
The fixed remuneration is determined on the basis of the role and position of the individual Employee, including professional experience, responsibility, job complexity and local market conditions.

Performance-based remuneration:
The NRC may determine a maximum percentage of performance-based remuneration relative to the fixed remuneration. This percentage may vary according to the type of position held by the Director, KMP or Employee.

Performance-based remuneration may be disbursed as cash or cash equivalents, bonus, shares, share based instruments, including conditional shares and other generally approved instruments, all on the basis of applicable local legislation.

Performance-based remuneration is granted to Employees with particular influence on Company's results and shareholder value. As an overall starting point, the Company ensures a split between fixed remuneration and variable remuneration.

Other benefits in kind:
Other benefits in kind includes rent free or subsidized rate of residential accommodation, car, gas, electricity, mobile bill, telephone bill, club membership fees, reimbursement of personal expense, etc.

Severance payments:
Severance payments are payable in accordance with relevant local legislation and/or as mutually agreed between the Company and Director/KMP/Employee.

Subject to individual agreements, KMP/other Employees are entitled to a maximum of 1 months' salary on dismissal. However, some agreements with senior management may provide for maximum 3 months' salary.

Remuneration of the Executive Director including Managing Director & Whole-time Director:

The remuneration of the Executive Director is intended to ensure the Company's continued ability to attract and retain the most experienced Executive Director and to provide solid basis for succession planning.

The NRC shall submit its recommendations for adjustments in remuneration of the Executive Director for the approval of the Board. The remuneration of the Executive Director may consist of fixed remuneration and supplements, incentive, etc. Subject to

company car, phone and other fixed benefits. The maximum severance pay is 3 months' salary inclusive of the value of variable remuneration and other benefits.

Remuneration of the Non- Executive Directors:
Members of the Board other than Executive Director(s) shall receive a fee for attending each meeting of the Board or Committee thereof or for any purpose whatsoever as may be decided by the Board. The Independent Director shall receive a fixed fee for attending each separate meeting as may be required to be held in compliance with the provisions of the Act, the Listing Regulations or other applicable laws.

Based on the recommendation of the NRC, the Board may approve the fee(s)/remuneration(s) payable to the Non-Executive Directors or changes thereof.

The remuneration of the Non-Executive Directors shall be specified in the annual report.

Remuneration of the KMP:
The Chairman, Managing Director and Whole-time Director shall jointly or severally, decide and approve the terms and conditions of the employment including payment of remuneration of the KMP other than Executive/Non-Executive Directors appointed as KMP, if any. The remuneration of the KMP may consist of fixed remuneration or variable remuneration or partly fixed and partly variable remuneration and/or, incentive, etc.

It seeks to promote practices and procedures that ensure creation and sustenance of healthy relationships and expeditious settlement of employee grievance, thereby improving productivity and overall efficiency of the organisation.

As per the policy there are three stages to addressing an employee grievance:
Stage I: The grievance must be submitted with requisite documents to the aggrieved employee's immediate supervisor ("relevant authority" at this stage). On receipt, the supervisor will discuss the matter with the aggrieved employee and redress the grievance if it is within their power to do so. A formal response has to be communicated to the employee within ten days of receipt of the grievance with a copy to the HR department.

Stage II: If at Stage I the aggrieved employee is not satisfied with the outcome, they can approach the Department/ Functional/Business Unit Head ("relevant authority" at this stag ing the grievance to the next stage have to be indicated clearly in the prescribed form. The relevant authority will also meet the aggrieved employee to discuss the grievance in detail. Within ten days of receipt of the grievance the relevant authority has to communicate their response to the employee with a copy to the HR department.

Stage III: If dissatisfied with the outcome at Stage II, the employee can approach the Grievance Redressal Committee within seven working days of receipt of formal communication of the outcome, clearly stating the reasons. This Committee will further discuss the matter in detail with the employee. The Committee has to respond within thirty working days of receipt of the grievance with a copy to the HR department.

The decision of the Committee in Stage III is final, and no further appeal can be entertained against their decision.

PRINCIPLE 4 Businesses should respect the interest of and be responsive to all its stakeholders

Essential Indicators

1. **Describe the processes for identifying key stakeholder groups of the entity.**
   The key internal and external stakeholders of the Company have been identified based on an assessment of all stakeholders in consultation with the management. These stakeholder groups add value to the organisation and also have an immediate impact on the operations and workings of the Company.

Given this, we constantly engage with our stakeholders to meet their expectations, identify and manage risks, thus contributing to sustainable decisions.

The identified internal and external stakeholder groups are listed in response to Question 2 and broadly include – Employees, Shareholders, Customers, Communities, Suppliers, Partners, and Vendors

2. **List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.**

Leadership Indicators

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

Ans. Stakeholder consultation is driven through the Company's governance framework and board-approved policies:

- The Stakeholders Relationship Committee addresses investor grievances and feedback as per the Investor Grievance Redressal Policy.
- The CSR Committee engages with local communities, especially disadvantaged groups, to identify needs and monitor social initiatives.
- The Whistle Blower Policy enables employees and Directors to confidentially report concerns on ethics, fraud, or non-compliance.
- The Code of Conduct requires fair dealings with all stakeholders and mandates reporting of unethical practices.
- The Disclosure Policy ensures timely communication of material information to investors and the public.

Operationally, business heads capture and act on feedback related to environment, health & safety, and other ESG matters through defined procedures. At the corporate level, the above policies and committees ensure structured stakeholder consultation aligned with NGRBC Principles 1 and 4.

2. **Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

Ans. Inputs on ESG topics are systematically received and recorded through Hazard Identification and Risk Assessment (HIRA) at operational sites, formal grievance channels (Whistle Blower Policy, Investor Grievance Redressal Policy), and direct feedback via emails. These inputs are analysed by the relevant functions and, where found necessary, incorporated into the review and revision of applicable policies and operational practices to strengthen ESG performance.

3. **Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

Ans. The organisation maintains outreach at every project location, where designated representatives regularly engage with and monitor vulnerable and marginalised project-affected families. Their needs are addressed through structured corporate social responsibility initiatives, primarily implemented via our CSR initiatives. Where necessary, special considerations beyond routine programmes are also extended to provide timely assistance. This process is overseen by the CSR Committee and reported periodically to the Board.

All responses are compiled and analysed on half-yearly basis and corrective action is taken where necessary.

Revised Independent Auditor's Report

To the Members of
Maithan Alloys Limited

REPORT ON THE AUDIT OF THE REVISED STANDALONE FINANCIAL STATEMENTS

This Report supersedes our Report dated May 16, 2026

Opinion

We have audited the accompanying Revised Standalone Financial Statements of Maithan Alloys Limited ("the Company"), which comprise the Revised Standalone Balance sheet as at March 31, 2026, the Revised Standalone Statement of Profit and Loss, (including Other Comprehensive Income), the Revised Standalone Statement of Changes in Equity and the Revised Standalone Cash Flow Statement for the year then ended, and notes to the Revised Standalone Financial Statements, including a summary of material accounting policies and other explanatory information(hereinafter referred to as the "revised standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid revised standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2026, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the revised standalone financial statements in accordance with the Standards on Auditing (SAs)specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Revised Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Revised Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Revised Standalone Financial Statements.

Emphasis of Matter

We draw attention to Notes 2 and 57 of the revised standalone financial statements, which describe the Basis of Preparation. As explained therein, these revised standalone financial statements for the year ended March 31, 2026 have been prepared pursuant to the Composite Scheme of Arrangement ("the Scheme") for the merger of Impex Metal & Ferro Alloys Limited, a wholly owned subsidiary of the Company ("Transferor Company"), with the Company, with effect from the specified retrospective appointed date of March 31, 2024, as approved by the National Company Law Tribunal ("NCLT"), Kolkata Bench, vide order dated June 8, 2026 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Company with the Registrar of Companies, West Bengal, on June 30, 2026.

Note 8(x) to the earlier standalone financial statements explained that an application for the merger of the Transferor Company with the Company, with effect from March 31, 2024, was pending before the NCLT. We issued a separate auditor's report dated May 16, 2026 on those earlier standalone financial statements to the shareholders of the Company. The application having subsequently been approved, the Company has now prepared these revised standalone financial statements incorporating the impact of the merger as per applicable Indian Accounting standards from March 31, 2024. Accordingly, this audit report relates to the revised standalone financial statements.

In accordance with SA 560 "Subsequent Events", issued by the Institute of Chartered Accountants of India, our audit procedures in relation to the revision of the standalone financial statements have been carried out solely in respect of this matter, no additional procedures have been performed in respect of any other events occurring after May 16, 2026, being the date of our earlier audit report on the earlier standalone financial statements.

Our earlier auditor's report dated May 16, 2026 (UDIN: 26063769FUQSYN4784) on the earlier standalone financial statements has been superseded by this auditor's report on the revised standalone financial statements. Accordingly, the earlier auditor's report should no longer be relied upon.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Revised Standalone Financial Statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the Revised Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context:

Descriptions of the Key Audit Matter	How our audit addressed the Key Audit Matter
Revenue Recognition (Refer Note No. 3 and 36 of the Revised Standalone Financial Statements): Revenue from the sale of products (hereinafter referred to as "Revenue") is recognized when the Company performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such revenue recognition in case of sale of products is when the control over the same is transferred to the customer. The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before control is transferred. We determine this to be key audit matter to our audit report due to quantum of amount involved.	Our audit procedures included the following: • Assessed the Company's revenue recognition accounting policies in line with Ind AS 115 ("Revenue from Contracts with Customers") and tested thereof. • Evaluated the design, implementation and operating effectiveness of Company's controls in respect of revenue recognition. • Tested the effectiveness of such controls over revenue cut off at year-end. • On a sample basis, tested supporting documentation for sales transactions recorded during the year which included sales invoices, customer contracts and shipping documents. • Performed analytical review procedures on revenue recognized during the year to identify any unusual and/or material variances. • Tested selected samples of revenue transactions recorded before and after the financial year end date to determine whether the revenue has been recognized in the appropriate financial period. • Evaluated the appropriateness and adequacy of disclosures in the financial statements in respect of revenue recognition with the applicable standards. • We have relied on the audit procedures performed by the auditor of Transferor Company with respect to key audit matters reported in their auditor's report. Based on above procedures, we concluded that the revenue has been recognized and measured as per IND AS 115.
Existence and Valuation of Inventory (Refer Note No. 3 and 15 of the Revised Standalone Financial Statements): The carrying value of inventory as at March 31, 2026 is ₹ 674.30 crores. The inventory is valued at the lower of cost and net realizable value. We considered the value of inventory as a key audit matter given the relative size of its balance in the revised standalone financial statements and significant judgment involved in comparison of net realizable value with cost to arrive at valuation of inventory. We determine this to be key audit matter to our audit report due to quantum of amount involved.	Our audit procedures included the following: • We understood and tested the design and operating effectiveness of controls as established by the management in determination of net realizable value of inventory. • Assessing the appropriateness of Company's accounting policy for valuation of inventory and compliance of the policy with the requirements of the prevailing Indian accounting standards. • We considered various factors including the actual selling price prevailing around and subsequent to the year-end. • Compared the cost of the finished goods with the estimated net realizable value and checked if the finished goods were recorded at net realizable value where the cost was higher than the net realizable value. • Further, for the purpose of determination of physical quantity of the inventory as at the year end, physical verification was done by the management of the Company along with independent third party and we have relied upon their report. • The existence and cost of the land bank have been verified with reference to the respective underlying documents. • We have relied on the audit procedures performed by the auditor of Transferor Company with respect to key audit matters reported in their auditor's report. Based on the above procedures performed, the management's determination of the net realizable value of the inventory as at the year end and comparison with cost for valuation of inventory is considered to be reasonable.

Descriptions of the Key Audit Matter	How our audit addressed the Key Audit Matter
Existence and Valuation of Investment (Refer Note No. 3, 10 and 16 of the Revised Standalone Financial Statements): The company holds Current and Non-Current Investments amounting to ₹ 1653.12 crores and ₹ 1057.26 crores respectively which represents 55.83% of total assets as at March 31, 2026. The Investments comprise of mutual funds, quoted equity shares, unquoted equity shares, alternate investment funds and investment through portfolio management service (PMS). The investments being financial instruments needs to be appropriately designated at fair value through profit or loss, fair value through other comprehensive income (not to be reclassified) or at amortized cost. Further, these financial instruments need to be valued and classified as Level 1, 2 or 3 financial instruments as per the fair value hierarchy. We determine this to be key audit matter to our audit report due to quantum of amount involved.	Our audit procedures included the following: • We understood, assessed and tested the design and operating effectiveness of key controls surrounding fair valuation of investments. • We have verified the broker's demat holding statements, statement of account, PMS portfolio holding statements as at March 31, 2026 for equity shares, mutual Funds, alternative investment funds, and PMS investments to confirm the existence and ownership of the Company's investment portfolio. • We have assessed the independence and competence of the valuation expert appointed by the management. • We have verified on sample basis the fair valuation of all Investments held as at March 31, 2026 to the Net Assets Value provided by the respective mutual funds and alternate investment funds, market value of quoted equity shares from source data, valuation of unquoted equity shares from report issued by valuation expert engaged by management, market value of investment made in PMS though its holding statement. We have also tested the arithmetical accuracy of the calculation of valuation of investments. • Assessed adequate disclosures in financial statements in respect of investment. Based on the audit procedures performed, we are satisfied with valuation and existence of current and non-current investments.

Information Other than the Revised Standalone Financial Statements and Revised Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the Revised Standalone Financial Statements and our revised auditor's report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the Revised Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Revised Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the revised standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable laws and regulations.

Responsibilities of Management and Board of Directors for the Revised Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Revised Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Revised Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Revised Standalone Financial Statements, Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Revised Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the revised standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a revised auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these revised standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the revised standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to revised standalone financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our revised auditor's report to the related disclosures in the Revised Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our earlier auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Revised Standalone Financial Statements, including the disclosures, and whether the Revised Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Revised Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Revised Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Revised Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Revised Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our revised auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of Impex Metal & Ferro Alloys Limited ("the Transferor Company"), which has been merged with the Company with effect from the appointed date of March 31, 2024 pursuant to the National Company Law Tribunal (NCLT) Order dated June 8, 2026, as described in the Emphasis of Matter paragraph above. The financial statements of the Transferor Company for the years ended March 31, 2024, March 31, 2025 and March 31, 2026 were audited by another independent auditor, who expressed unmodified opinions thereon vide auditor's reports dated May 23, 2024, May 26, 2025 and May 11, 2026, respectively.

As part of our audit of the revised standalone financial statements of the Company for the year ended March 31, 2026, we audited only the adjustments made to give effect to the merger of the Transferor Company in accordance with the Composite Scheme of Arrangement and applicable Indian Accounting Standards as described in Notes 2 and 57 to the revised standalone financial statements. We were not engaged to audit, review or perform any other procedures on the historical financial statements of the Transferor Company other than with respect to such adjustments.

The financial information of the Transferor Company included in the revised standalone financial statements reflects total assets of ₹ 140.66 crores as at March 31, 2026, net assets of ₹ 60.95 crores, total revenue of ₹ 175.01 crores, net profit after tax of ₹ 6.37 crores, total comprehensive income of ₹ 6.37 crores and net cash inflows of ₹ 0.68 crores for the year then ended.

The financial statements of the Transferor Company and the related auditor's reports have been furnished to us by the Management. Our opinion on the revised standalone financial statements, insofar as it relates to the amounts and disclosures pertaining to the Transferor Company included pursuant to the Scheme, and our report under Section 143(3) of the Companies Act, 2013, insofar as it relates to the aforesaid amounts and disclosures, are based on the reports of the other independent auditor and the audit procedures performed by us in respect of the merger adjustments referred to above.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("CARO 2020") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by section 143 (3) of the Act, based on our audit, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rule, 2014.

(c) The revised Standalone Balance Sheet, the revised Standalone Statement of Profit and Loss including Other Comprehensive Income, revised Standalone Statement of Changes in Equity and the revised Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account;

(d) In our opinion, the aforesaid revised Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;

(e) On the basis of the written representations received from the directors taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act;

(f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under section 143(3)(b) of the Act and paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules,2014.

(g) With respect to the adequacy of the internal financial controls with reference to revised standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Revised Report in **"Annexure B"**.

(a) The management has represented to us that, to the best of its knowledge and belief, as disclosed in Note 59(v) to the Revised Standalone Financial Statement, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented to us that, to the best of its knowledge and belief, as disclosed in Note 59(vi) to the Revised Standalone Financial Statement, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures performed, that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under paragraph 2(i)(iv)(a) and (b) above, contain any material misstatement.

v. (a) The Interim dividend declared and paid by the company until the date of this audit report is in accordance with Section 123 of the Act. The final dividend paid by the company during the year in respect of the same declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

(b) The Board of Directors of the Company has proposed final dividend for the year, which is subject to the approval of the Members at the ensuing Annual General Meeting. The amount of final dividend proposed is in accordance with section 123 of the Act, as applicable.

vi. Based on our examination, which included test checks, the Company has used accounting software including payroll accounting software for maintaining its books of account for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all the relevant transactions recorded in the accounting software.

Further, during our audit, we did not come across any instance of audit trail feature being tampered with in respect of accounting software including payroll accounting software.

Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the prior years.

Annexure "A" to the Revised Independent Auditor's Report

This Report supersedes our Report dated May 16, 2026

Referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our Revised Independent Auditors' Report of even date to the members of Maithan Alloys Limited on the Revised Standalone Financial Statements as of and for the year ended March 31, 2026, we report that:

i. In respect of matters specified in clause (i) of the order:

a. i) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

ii) The Company has maintained proper records showing full particulars of intangible assets.

b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of verification of property, plant and equipment to cover all the items in a phased manner, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification

c. According to the information and explanations given by the management, and on the basis of our examination of the records of the Company, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the Revised Standalone Financial Statements are held in the name of the Company, except for the following:

Description of property	Gross Carrying Value (Rs. In Cr)	Held in the name of	Whether promoter, director or their relative or employee	Period held since	Reason for not being held in the name of the company
Land at Visakhapatnam	1.38	Anjaney Alloys Limited	No	Since 2016 till date	The title of asset transferred pursuant to the scheme of amalgamation in the year 2016 and the company is in process of transferring the title in the name of the company.
Land at Bobbili	10.94	Impex Metal & Ferro Alloys Limited	No	Since 2009 to till date	The title of asset transferred pursuant to the Scheme of Merger by Absorption and the Company is in process of transferring the title in the name of the Company. Refer Note No. 57 to the Revised Standalone Financial Statements.
Land at Bhiwandi Gujarat	0.46	Impex Metal & Ferro Alloys Limited	No	Since 2010 to till date	The title of asset transferred pursuant to the Scheme of Merger by Absorption and the Company is in process of transferring the title in the name of the Company. Refer Note No. 57 to the Revised Standalone Financial Statements.

d. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year.

e. Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its Revised Standalone Financial Statements does not arise.

ii. In respect of matters specified in clause (ii) of the Order:

a. According to the information and explanations given to us, the inventory (excluding inventory in transit) has been physically verified by the management along with independent party during the year and in our opinion, the frequency of verification is reasonable and procedure and coverage as followed by the management were appropriate. In respect to inventory for goods in transit, subsequent evidence of receipts

has been linked with inventory records. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

b. During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are not in agreement with the books of account, however such differences between the amounts disclosed to the banks and those as per the books of accounts as given in the table below have been reconciled. (Also refer Note No. 29 to the Revised Standalone Financial Statements)

(₹ In Cr.)

Name of the Bank	Aggregate working capital limits sanctioned	Quarter ended	Amount disclosed as per quarterly return/statements	Amount as per books of account	Diff	Reason
State Bank of India and consortium of banks	540	Jun-25	547.26	569.28	(22.02)	The Difference is mainly due to adjustments pertaining to cut-offs, goods in transit and stores & spares are considered as inventory in books of accounts but the same has not been considered in quarterly return/statements submitted to bank.

	540	Mar-25	606.94	597.70	9.24	

Land bank has not been considered in above reconciliation.

iii. In respect of matters specified in clause (iii) of the Order:

a. The Company has made investment during the year in five subsidiary companies, mutual funds, preference shares of unlisted companies, equity shares, Alternate Investment Funds (AIF) and investment through Portfolio Management Service (PMS). According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted secured/unsecured loans/advances in the nature of loans to any Company / Firm / Limited Liability Partnership/other party during the year other than unsecured loans given to five subsidiary Companies and loan granted to two other body corporates. The Company did not stood as a guarantee, or provided security to any Company/Firm/Limited Liability Partnership/other party during the year. The aggregate amount of loan granted during the year and balance outstanding as at the balance sheet date with respect to such loans granted to aforesaid companies and body corporates are as per the table given below:

(₹ In Cr.)

Particulars	Guarantees	Security	Loans	Advances in nature of loan
Aggregate amount granted/provided during the year:				
Subsidiaries	Nil	Nil	307.48	Nil
Others - Loan to Body Corporate	Nil	Nil	3.95	Nil
Balance outstanding as at Balance Sheet date in respect of above cases:				
Subsidiaries	Nil	Nil	501.48	Nil
Others - Loan to Body Corporate	Nil	Nil	Nil	Nil

b. According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the above investments made and the terms and conditions of the grant of loans during the year are, prima facie, not prejudicial to the Company's interest.

c. In our opinion and according to the information and explanation given to us, certain loans and advances in the nature of loans granted by the company are repayable on demand. During the year the Company has not demanded repayment of such loans or advances. Accordingly, having regard to the fact that the repayment of principal or payment of interest has not been demanded by the Company, in our opinion the repayments of principal amounts and receipts of interest are regular. In addition to the above, the Company has also granted long-term loan to one subsidiary, repayable after a period of three years, wherein the principal and interest are both payable at the end of the term and hence not fallen due. In

our opinion and according to the information and explanation given to us, in respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation.

d. There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days in respect of loan given.

e. According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan given falling due during the year, which has been renewed or extended or fresh loans given to settle the overdue of existing loan given to the same party.

f. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has granted Loans amounting to ₹ 307.48 crores to subsidiary companies (related parties) during the year, which are repayable on demand, these loans constituted 98.73 % of the total loans granted by the company during the year. The details of loan which are outstanding are given below:

Type of Borrower	As at 31-Mar-2026	As at 31-Mar-2026
	Amount of loan or advance in the nature of loan outstanding (₹ in Crores)	Percentage of loans/ advances in nature of loans to the total loans
(A) Repayable on demand		
Promoters	-	-
Directors	-	-
KMPs	-	-
Related Parties	494.77	98.66%
Others	-	-

iv. In our opinion, the Company has complied with the provisions of Sections 186 of the Act, in respect of the investments made and loans and guarantees given by it. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 of the Act. Therefore, the reporting under clause 3(iv) of the Order to that extent is not applicable to the Company.

v. According to information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified. Hence reporting under clause 3(v) of the order is not applicable.

vi. We have broadly reviewed the cost records maintained by the company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the central government under sub section (1) of section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. In respect of matters specified in clause (vii) of the Order:

a. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods & Services Tax, Duty of Customs, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed dues as above were outstanding as at March 31, 2026 for a period of more than six months from the date they became payable.

b. According to the information and explanations given to us and the records of the Company examined by us, the particulars of statutory dues referred to in sub-clause (a) as at March 31, 2026, which have not been deposited on account of a dispute, are as follows:

However, the same loan was repaid by the Company to Bajaj Finserv in the Current Financial Year 2025-26.

f. The Company has not raised loans during the year on the pledge of securities held in its subsidiaries.

x. In respect of matters specified in clause (x) of the Order:

a. The company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, clause 3(x)(a) of the Order is not applicable to the company.

b. The Company has not made any preferential allotment or private placement of shares or fully or partly or optionally convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable to the company,

xi. In respect of matters specified in clause (xi) of the Order:

a. According to the information and explanations given to us and as represented by the Management and based on our examination of the books and records of the Company and in accordance with generally accepted auditing practices in India, no material case of frauds by the Company or on the Company has been noticed or reported during the course of audit nor have we been informed any such case by the management.

b. According to the information and explanations given to us, during the year, no report under subsection (12) of Section 143 of the Companies Act, 2013 has been filed by the Auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

c. As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

xii. In our opinion and according to the information and explanation provided to us, the company is not a Nidhi Company, therefore, the reporting under Clause 3 (xii)(a), 3(xii)(b) and 3(xii)(c) of the Order is not applicable.

xiii. In our opinion and according to the information and explanations given by the management, the Company has entered into transactions with related parties in compliance with the provisions of section 177 and 188 of the Act. The details of such related party transactions have been disclosed in the revised financial statements as required by the applicable Indian accounting standards.

xiv. In respect of matters specified in clause (xiv) of the Order:

a. In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

b. The internal audit reports of the company issued till date of the audit report, for the period under audit have been considered by us.

xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors. Accordingly, clause 3(xv) of the Order is not applicable.

xvi. In respect of matters specified in clause (xvi) of the Order:

a. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

b. The Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Accordingly, the reporting under Clause 3(xvi)(b) of the Order is not applicable to the Company.

c. The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on Clause 3(xvi)(c) of the Order is not applicable to the Company.

d. As represented by the Management, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable. We have not, however, separately evaluated whether the information provided by the management is accurate and complete.

xvii. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not incurred any cash losses during the current year 2025-26 and immediately preceding financial year 2024-25.

xviii. There has been no resignation of the statutory auditors during the year and accordingly clause 3(xviii) is not applicable to the company.

xix. According to the information and explanations given to us and on the basis of the financial ratios (refer Note No. 55 of the Revised Standalone Financial Statements), ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx. In respect of matters specified in clause (xx) of the Order:

a. In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. This matter has been disclosed in Note 45(i) of the Revised Standalone Financial Statements. Accordingly, clause 3(xx)(a) of the Order is not applicable for the year.

b. There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in note 45(I) of the Revised Standalone Financial Statements. Accordingly, clause 3(xx)(b) of the Order is not applicable for the year.

xxi. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of Revised Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure “B” to the Revised Independent Auditor's Report

This Report supersedes our Report dated May 16, 2026

(Referred to in paragraph 2 (g) under 'Report on Other Legal and Regulatory Requirements' section of our Revised Independent Auditor's Report to the Members of even date to the Members of Maithan Alloys Limited on the Revised Standalone Financial Statements as of and for the year ended 31st March 2026)

Report on the Internal Financial Controls with reference to Revised Standalone Financial Statements under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Maithan Alloys Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the Revised Standalone Financial Statements of the Company for the year ended on that date.

Emphasis of Matter

We draw attention to Notes 2 and 57 of the revised standalone financial statements, which describe the Basis of Preparation. As explained therein, these revised standalone financial statements for the year ended March 31, 2026 have been prepared pursuant to the Composite Scheme of Arrangement ("the Scheme") for the merger of Impex Metal & Ferro Alloys Limited, a wholly owned subsidiary of the Company ("Transferor Company"), with the Company, with effect from the specified retrospective appointed date of March 31, 2024, as approved by the National Company Law Tribunal ("NCLT"), Kolkata Bench, vide order dated June 8, 2026 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Company with the Registrar of Companies, West Bengal, on June 30, 2026.

Note 8(x) to the earlier standalone financial statements explained that an application for the merger of the Transferor Company with the Company, with effect from March 31, 2024, was pending before the NCLT. We issued a separate auditor's report dated May 16, 2026 on those earlier standalone financial statements to the shareholders of the Company. The application having subsequently been approved, the Company has now prepared these revised standalone financial statements incorporating the impact of the merger as per applicable Indian Accounting standards from March 31, 2024. Accordingly, this audit report relates to the revised standalone financial statements.

In accordance with SA 560 "Subsequent Events", issued by the Institute of Chartered Accountants of India, our audit procedures in relation to the revision of the standalone financial statements have been carried out solely in respect of this matter, no additional procedures have been performed in respect of any other events occurring after May 16, 2026, being the date of our earlier audit report on the earlier standalone financial statements.

Our earlier auditor's report dated May 16, 2026 (UDIN: 26063769FUQSYN4784) on the earlier standalone financial statements has been superseded by this auditor's report on the revised standalone financial statements. Accordingly, the earlier auditor's report should no longer be relied upon.

Our opinion is not modified in respect of this matter.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these Revised Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Revised Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these Revised Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Revised Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Revised Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Revised Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Revised Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Revised Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Revised Standalone Financial Statements and such internal financial controls with reference to Revised Standalone Financial Statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by Institute of Chartered Accountants of India.

1. Corporate Information

Maithan Alloys Limited ("the Company") is a public company domiciled in India limited by shares, and it's incorporated on 19 September 1985 under the provisions of the Companies Act applicable in India. Its shares are listed on Calcutta Stock Exchange (CSE) and the National Stock Exchange (NSE) and are traded on Bombay Stock Exchange (BSE) under Permitted category. The Company is primarily engaged in the business of manufacturing and exporting of all three bulk Ferro alloys- Ferro Manganese, Silico Manganese and Ferro Silicon. It is also engaged in the real estate business activities.

2. Statement of compliance and basis of preparation of Revised Financial Statements

a. Statement of Compliance

These ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ("the Act") read with Rule 4A of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards),as amended, and other relevant provisions of the Companies Act, 2013 ("the Act"). The accounting policies are applied consistently to all the periods presented in the financial statements.

b. Basis of Preparation

The financial statements have been prepared on the going concern basis and at historical cost and on accrual method of accounting, except for certain financial assets and liabilities that are measured at fair value/ amortised cost. (Refer note 3(h) below).

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition, or the amount of proceeds received in exchange for the obligation, or at the amount of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

These revised standalone financial statements are authorised for issue by the Board of Directors of the Company at their meeting held on 04 August 2026. The earlier standalone financial statements of the Company for the year ended 31 March 2026 were first approved by the Board of Directors on 16 May 2026. The earlier standalone financial statements of the Company are being revised pursuant to an approved Scheme of Arrangement, the details of which are stated in note 57.

c. Functional Currency and Presentation Currency

The financial statements are prepared in Indian Rupees (₹) which is the functional currency of the company and the currency of the primary economic environment in which the company operates and all values are rounded to the nearest crores, upto 2 decimal places except as otherwise indicated.

d. Current and Non-Current Classification

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the schedule III to the Companies Act, 2013 and Ind AS 1 - 'Presentation of Financial Statements'.

All assets and liabilities are classified as current when it is expected to be realized or settled within the Company's normal operating cycle, i.e. twelve months. All other assets and liabilities are classified as non- current.

Deferred tax assets and liabilities are classified as non-current only.

e. Application of New Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") has notified amendments to the existing standards Ind AS 1 - Presentation of financial statements relating to classification of liabilities as current or non-current subject to covenants, Ind AS 12 - Income Taxes relating to international tax reforms - Pillar Two Model Rules, Ind AS 21 - the effect of changes in foreign exchange rates and Ind AS 107 - Financial Instruments: Disclosures and Ind AS 7 - Statement of Cashflows relating to disclosure of supplier financing arrangements, applicable from April 1, 2025. The Company has assessed that there is no significant impact on its financial statements with respect to the amendments in Ind AS 1, Ind AS 7, Ind AS 107, Ind AS 21 and Ind AS 12.

3. Summary of Material Accounting Policies

a. Property, Plant and Equipments

Property, plant and equipment are stated at their cost of acquisition, installation or construction less accumulated depreciation and impairment losses, if any, except freehold land which is stated at cost less impairment losses if any.

The cost of property, plant and equipment comprises its purchase price, and any cost directly attributable to bringing the asset to working condition and location for its intended use. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Stores and spare parts are capitalised when they meet the definition of property, plant and equipment. The corresponding old spares are decapitalised on such date with consequent impact in the statement of profit & loss.

Subsequent expenditures on major maintenance or repairs includes the cost of the replacement of parts of assets and overhaul costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

If significant parts of an item of property, plant and equipment have different useful life, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of PPE, is determined as the difference between the sales proceeds and the carrying amount of the asset, and is recognised in Statement of Profit and Loss. Major inspection and overhaul expenditure is capitalized, if the recognition criteria are met.

Capital work in progress comprises expenditure for acquisition and construction of tangible assets that are not yet ready for their intended use. Costs, net of income, associated with the commissioning of the asset are capitalized until the period of commissioning has been completed and the asset is ready for its intended use. At the point when the asset is capable of operating in the manner intended by the management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Such items are classified to the appropriate category of property, plant and equipment when completed and ready for their intended use. Advances given towards acquisition/construction of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under "Other non-current assets".

b. Depreciation

Depreciation on property, plant and equipment is provided on straight line method (SLM), except on Building and Plant & Machineries of Ferro Alloys Unit at Byrnihat and Kalyaneshwari on which depreciation has been provided on written down value (WDV) method.

Depreciation commences when the assets are ready for their intended use. Depreciated assets and accumulated depreciation amounts are retained fully until they are removed/retired from active use.

Depreciation is provided to allocate the costs of property, plant and equipment, net of their residual values, over their useful life as specified in Schedule II of the Companies Act, 2013, other than in case of factory building and plant & machinery in Visakhapatnam Unit where useful life has been considered by the management to be of 20 years.

The assets residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed during each financial year and adjusted prospectively, if appropriate. In respect of an asset for which impairment loss is recognized, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

c. Leases

The Company has applied Ind AS 116 "Leases" with effect from 1st April 2019. The Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration, to assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- the contract involves the use of identified asset;
- the Company has substantially all of the economic benefits from the use of the asset through the period of lease; and
- the Company has the right to direct the use of the asset.

As a Lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are initially measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the initial amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are subsequently depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful lives of right of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or lower and leases of low value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

d. Intangible Assets and Amortization

Intangible assets acquired separately are, on initial recognition, measured at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for intangible asset with a finite useful life are reviewed at the end each reporting period.

Intangible assets with infinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of infinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

A Summary of the policies applied to the Company's intangible assets is, as follows:

Intangible assets	Amortization Method Used
Mining rights	Over the period of respective mining agreement
Software	Amortized on a straight-line basis over the useful life.

The amortisation period and the amortisation method are reviewed at each financial year end, if the expected useful life of the asset is different from previous estimates; the change is accounted for prospectively as a change in accounting estimate.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

e. Goodwill

Subsequent to the initial recognition, goodwill is measured at cost, less accumulated impairment losses, if any.

For the purpose of impairment testing, goodwill is allocated to the cash-generating units or groups of cash- generating units that are expected to benefit from the synergies of the combination. Cash generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

An impairment loss recognised for goodwill is not reversed in a subsequent period.

f. Impairment of Non- Financial Assets

The Company assesses at the end of each reporting period the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, then an impairment review is undertaken and an impairment loss, if any, is recognized in the statement of profit and loss wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of the asset's fair value less costs of disposal and the asset's value in use. In case, where it is not possible to estimate the recoverable amount of an individual non-financial asset, the Company estimates the recoverable amount for the smallest cash generating unit to which the non-financial asset belongs.

Fair value less costs of disposal is the price that would be received to sell the asset in an orderly transaction between market participants and does not reflect the effect of factors that may be specific to the entity and not applicable to entities in general. Value in use is determined as the present value of the estimated future cash flows expected to arise from the continued use of the asset in its present form and its eventual disposal.

Impairment charges and reversals are assessed at the level of cash-generating unit (CGU). A cash-generating unit (CGU) is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets.

A cash generating unit is treated as impaired when the carrying amount of the assets or cash generating unit exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the period in which asset or cash generating unit is identified as impaired.

Impairment loss recognised in prior accounting period(s) is reversed when there is an indication that the impairment losses recognised no longer exist or have decreased. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

g. Government Grants and Subsidies

Grants and subsidies from the Government are recognized when there is reasonable assurance that the grant/subsidy will be received and the Company will comply with the conditions attached to them. When the grant relates to an expense item, it is recognised in the Statement of Profit and Loss by way of a deduction to the related expense on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate. When the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related assets and presented within other income.

In the unlikely event that a grant previously recognized is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss. When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates and is being recognised in the Statement of Profit and Loss. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

h. Foreign Currency Translation

Foreign currency transactions are translated into the functional currency at the exchange rates that approximates the rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated into the functional currency at the exchange rates prevailing on the reporting date. Non-monetary items are translated using the exchange rates prevailing on the transaction date, subsequently measured at historical cost and not retranslated at period end.

All exchange differences on monetary items are recognized in the Statement of Profit and Loss.

i. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through the statement of profit and loss) are added or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through the statement of profit and loss are recognized immediately in the statement of profit and loss.

(i) Financial Assets

The Company's financial assets comprise:

a. Current financial assets mainly consist of trade receivables, investments in liquid equity shares, mutual funds, non-convertible debenture, alternate investment fund, portfolio management service, cash and bank balances, fixed deposits with banks and financial institutions and other current receivables.

b. Non-current financial assets mainly consist of financial investments in equity, bond, alternate investment fund, fixed deposits, non-current receivables from related party and employees and non-current deposits.

- *Recognition and Initial Measurement*

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are added to fair value. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

- *Subsequent Measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at Amortized Cost;
- Financial assets at Fair Value Through Other Comprehensive Income (FVOCI);
- Financial assets at Fair Value Through Profit or Loss (FVTPL); and

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

o *Financial assets at Amortized Cost:* A 'financial assets' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets comprises of current financial assets such as trade receivables, cash and bank balances, fixed deposits with bank and financial institutions, other current receivables and non-current financial assets such as financial investments - fixed deposits. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment, if any are recognised in the statement of profit and loss.

o *Financial assets at FVOCI:* A 'financial assets' is measured at the FVOCI if both of the following conditions are met:

- The objective of the business model is achieved by collecting contractual cash flows and selling the financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in Other Comprehensive Income. However, the interest income, impairment losses & reversals, and foreign exchange gains and losses are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to statement of profit and loss. Interest earned whilst holding fair value through other comprehensive income debt instrument is reported as interest income using the EIR method.

For equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

o *Financial assets at FVTPL:* FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL, if such designation reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with any gains and losses arising on re-measurement are recognized in the Statement of Profit and Loss.

o Equity Instruments: Any equity investments instruments in the scope of Ind AS 109 "Financial Instruments" are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified at cost.

For equity instruments which are classified as FVTPL, all subsequent fair value changes are recognised in the statement of profit and loss.

- *Financial Assets -derecognition*

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred and the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in other equity is recognised in Standalone Statement of Profit and Loss.

- *Impairment of Financial Assets*

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period.

In case of financial assets, the Company follows the simplified approach permitted by Ind AS 109 - Financial Instruments - for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk of trade receivable. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

(ii) Financial Liabilities

- *Recognition And Initial Measurement*

The Company recognises a financial liability in its balance sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and borrowings including bank overdrafts and derivative financial instruments.

- *Subsequent Measurement*

Financial liabilities are measured subsequently at amortized cost or FVTPL.

Financial liabilities at FVTPL

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. These gains/ losses are not subsequently transferred to the statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit or loss.

Further, the provisionally priced trade payables are marked to market using the relevant forward prices for the future period specified in the contract and is adjusted in costs.

Financial liabilities at amortised cost (Borrowings and Trade and Other payables)

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR (Effective Rate Interest) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR (Effective Rate Interest) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

- *Financial Liabilities- derecognition*
  A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

- Equity Instruments
  An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

- Offsetting Financial Instruments
  Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

(iii) Derivative Financial Instruments

The Company enters into forward contracts to mitigate the risk of changes in exchange rates. The Company does not hold derivative financial instruments for speculative purposes. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value with changes in fair value recognized in the Statement of Profit and Loss in the period when they arise. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

j. Inventories

Inventories are valued after providing for obsolescence, as follows:

1. Raw materials, stores and spare parts, fuel and packing material:
   These are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on weighted average basis and includes purchase price, other costs incurred in bringing the inventories to their present location and condition, and taxes for which credit is not available. However, materials and other items held for use in production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

2. Work-in-progress, finished goods and stock in trade:
   These are valued at the lower of cost and net realisable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Cost of finished goods and Work-in-progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, but excluding borrowing costs. Cost of Stock-in-trade is determined on weighted average basis and includes cost of purchase and other cost incurred in bringing the inventories in the present location and condition.

   Obsolete, defective, slow moving and unserviceable inventories, if any, are identified at the time of physical verification and where necessary, they are duly provided for.

3. Inventories are valued as under: Land Bank- It consists of asset purchased by the Company that it intends to develop later on into residential / commercial project but on which no construction has commenced. Land is initially recognized at cost which is generally the cost or net realizable value whichever is less. However, it is discounted to present value when payment terms are deferred for a period of more than one year.

k. Revenue Recognition

The Company is primarily engaged in the manufacturing of Ferro Alloys and generate revenue from the sale of the product.

(i) Revenue from Operation

Revenue from sale of product is recognised at the point in time when control of the goods is transferred to the customer, generally on delivery of the product.

At contract inception, the Company assess the goods promised in a contract with a customer and identifies as a performance obligation of each promise to transfer to the customer. Revenue from contracts with customers is recognized when control of goods is transferred to customers and the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration and excluding taxes or duties collected on behalf of the Government.

For Certain Contracts

Certain of the Company's sales contracts provide for provisional pricing based on the price on the Commodity Research Unit (CRU), as specified in the contract. Revenue in respect of such contracts is recognised when control passes to the customer and is measured at the amount the entity expects to be entitled - being the estimate of the price expected to be received at the end of the measurement period. Post transfer of control. of goods, provisional pricing features are accounted in accordance with Ind AS 109 'Financial Instruments' rather than Ind AS 115 'Revenue from contracts with customers' and therefore the Ind AS 115 rules on variable consideration do not apply. These 'provisional pricing' adjustments i.e. the consideration adjusted post transfer of control are included in total revenue from operations. Final settlement of the price is based on the applicable price for a specified future period. The Company's provisionally priced sales are marked to market using the relevant forward prices for the relevant period specified in the contract and is adjusted in revenue.

a. Sale of Goods

Sale of goods is recognised at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reductions. As the period between the date on which the Company transfers the promised goods to the customer and the date on which the customer pays for these goods is generally one year or less, no financing components are taken into account.

b. Revenue Recognition of Real Estate segment

In real estate development contracts, individual items are sold separately in market and add value to the customer on an individual basis. Therefore, these services are considered as separate performance obligations.

Revenue for 'sale of property' is recognized when control over the property has been transferred to the customer. Revenue is recognized at a point in time when the possession is handed over to the customer including deemed possession.

Where, the Company enters into a contract for sale of undeveloped/developed land revenue for which is recognised when possession is handed over and the control is transferred to the customer

c. Other Operating Revenue

Export incentive and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions and the incentive will be received. Insurance & other claims, where quantum of accruals cannot be ascertained with reasonable certainty are recognised as income only when revenue is virtually certain which generally coincides with receipt/acceptance.

(ii) Other Income

a) Interest income is recognized using the effective interest rate method. For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

b) Dividend Income is recognised only when the right to receive payment is established.

l. Employee Benefits

a) Short-Term Benefits

Short term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized as an expense at the undiscounted amount in the statement of profit and loss of the period in which the related service is rendered.

Accumulated compensated absences, which are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are treated as short term employee benefits. The Company measure the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlements that has accumulated at the reporting date.

b) *Defined Contribution Plans*

Employee benefits in the form of contribution Provident Fund managed by Government Authorities and Employee State Insurance Corporation are considered as defined contribution plans and the same are charged to the statement of profit and loss for the period in which the employee renders the related services.

c) *Defined Benefit Plans*

The Company's gratuity fund scheme and post-employment benefits scheme are considered as defined benefit plans. The Company's liability is determined on the basis of actuarial valuation using the projected unit credit method as at the balance sheet date.

Past service costs are recognized in the statement of profit and loss on the earlier of:

- The date of plan amendment or curtailment, and
- The date that the company recognizes related restructuring costs

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. The Company recognizes the following changes in the statement of profit and loss:

- Service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Re-measurements comprising actuarial gains and losses, the effect of asset ceiling (if any), and the return on the plan assets (excluding net interest), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the statement of profit and loss in subsequent periods.

d) *Compensated absences*

The Company provides for the encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment. The liability is provided based on the number of days of unutilised leave at each balance sheet date on the basis of an independent actuarial valuation.

Actuarial gains and losses relating to long-term and short-term employee benefits are recognised in the statement of Profit and Loss in the period in which they arise.

m. Taxation

Income tax expense represents the sum of current tax and deferred tax and includes any adjustments related to past periods in current and/or deferred tax adjustments that may become necessary due to certain developments or reviews during the relevant period. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in Equity or Other Comprehensive Income.

a) *Current Tax*

Current income tax is measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and the tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to income tax is included in other income.

Current tax relating to the items recognized outside the statement of profit and loss is recognized in correlation to the underlying transaction either in OCI or directly in other equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

b) Deferred Tax

Deferred tax is recognized on all temporary differences between the tax bases of assets and liabilities and their carrying amounts in the Company's financial statements except when the deferred tax arises from the initial recognition of goodwill or initial recognition of an asset or liability in a transaction that is not a business combination and affects neither the accounting nor taxable profits or loss at the time of transaction. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and unused tax losses to the extent it is probable that future taxable profits will be available against which the deductible temporary difference, the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities, and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in Other Comprehensive Income or directly in Equity, in which case, the current and deferred tax relating to such items are also recognised in Other Comprehensive Income or directly in Equity respectively.

n. Borrowing Costs

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised, if any. All other borrowing costs are expensed in the period in which they occur.

o. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, cash at banks, fixed deposits and short-term highly liquid investments with an original maturity of three months or less.

For the purpose of presentation in the statement of cash flows, cash and cash equivalent includes cash on hand, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, cash at bank and bank overdraft which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

p. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

q. Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of a past events, and it is probable that an outflow of resources will be required to settle such an obligation and the amount can be estimated reliably. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Contingent Liabilities

Contingent liabilities are possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that arises from past events is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Contingent Liabilities are not recognized but disclosed in the financial statements when the possibility of an outflow of resources embodying economic benefits is more.

Contingent Assets

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognised.

r. Earnings per share

Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. Partly paidup shares are included as fully paid equivalents according to the fraction paid-up.

Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares .

s. Dividends

Dividends paid are recognised in the period in which the dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders and is recognised directly in other equity.

t. Segment Reporting

Operating segment is reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM). The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Inter-segment revenues have been accounted for based on prices normally negotiated between the segments with reference to the costs, market prices and business risks, within an overall optimization objective for the Company. Revenue and expenses are identified with segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Company as a whole and are not allocable to segments on a reasonable basis, will be included under "Unallocated/ Others".

u. Exceptional items

Exceptional items are those items that management considers, by virtue of their size or incidence should be disclosed separately to ensure that the financial information allows an understanding of the underlying performance of the business in the year, so as to facilitate comparison with prior periods. Such items are material by nature or amount to the year's result and require separate disclosure in accordance with Ind AS.

v. Key Accounting Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, and disclosures of contingent assets and liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed in the paragraphs that follow.

(i) Useful Economic Lives and Impairment of Other Assets

The estimated useful life of property, plant and equipment (PPE) and intangible asset is based on a number of factors including the effects of obsolescence, usage of the asset and other economic factors (such as known technological advances).

The Company reviews the useful life of PPE and intangibles at the end of each reporting date and any changes could affect the depreciation rates prospectively.

The Company also reviews its property, plant and equipment for possible impairment if there are events or changes in circumstances that indicate that the carrying value of the assets may not be recoverable. In assessing the property, plant and equipment for impairment, factors leading to significant reduction in profits, such as the Company's business plans and changes in regulatory environment are taken into consideration

(ii) Contingencies and Commitments

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Company. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

Although there can be no assurance regarding the final outcome of the legal proceedings, the Company does not expect them to have a materially adverse impact on the Company's financial position or profitability.

(iii) Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognized in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend on assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market.

(iv) Fair Value Measurements and Valuation Processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

(v) Recognition of Deferred Tax Assets For Carried Forward Tax Losses

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

(vi) Assessment of Impairment of investments in subsidiaries

The Company reviews its carrying value of investments in subsidiaries, associates and joint ventures annually, or more frequently when there is indication for impairment.

If the recoverable amount is less than its carrying amount, the impairment loss is accounted for. Determining whether the investment in subsidiaries, associates and joint ventures is impaired requires an estimate in the value in use of investments. The Management carries out impairment assessment for each investment by comparing the carrying value of each investment with the net worth of each company based on audited financials, comparable market price and comparing the performance of the investee companies with projections used for valuations, in particular those relating to the cash flows, sales growth rate, pre-tax discount rate and growth rates used and approved business plans.

(ii) The Company had invested ₹32.00 crore in Series A 1% Non-Cumulative, Non-Convertible Preference Shares (NCPS) of its subsidiary Maithan Ferrous Private Limited. In accordance with Ind AS 32 – Financial Instruments: Presentation, the investment was accounted for as a compound financial instrument and was bifurcated into: Equity component: ₹17.12 crore; and Debt component: ₹18.40 crore on the date of redemption. During the year, the aforesaid preference shares were redeemed by the subsidiary and the Company received redemption proceeds of ₹32.00 crore. Consequently, the debt component of the investment was derecognised. The excess of the redemption proceeds over the carrying amount of the debt component amounting to ₹13.60 crore (₹32.00 crore less ₹18.40 crore) has been recognised as Gain under Other Income in the Statement of Profit and Loss. Further, as the compound financial instrument ceased to exist upon redemption, the equity component of ₹17.12 crore, which had been previously reported separately on initial recognition under the Equity Component of Preference Share Investment, is now presented as Investment in Unquoted Equity Shares within non-current investments. This represents a movement within equity investments and has no impact on the Statement of Profit and Loss.

Note:

(i) In determining allowances for credit losses of trade receivables, the Company has used the practical expedient by computing the expected credit loss allowance based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on ageing of the receivables and rates used in the provision matrix.

(ii) Trade Receivables have been hypothecated as security against bank borrowings of the Company (Refer note 29).

(iii) There are no debts due by directors or other officers of the Company or any of them either severally or jointly with any other person or debts due by firms or private companies respectively in which any director is a partner or a director or a member.

(iv) The Company considers its maximum exposure to credit risk with respect to customers as at 31 March 2026 to be ₹ 127.95 Cr. (31 March 2025: ₹ 145.44 Cr.), which is the carrying value of trade receivables after allowance for credit loss.

(v) The Company exposure to customer is diversified and only three customers contribute more than 10% of the outstanding receivable for an amount ₹ 79.53 Cr. as at 31 March 2026 (four customers contribute more than 10% of the outstanding receivable for an amount ₹ 98.46 Cr. as at 31 March 2025).

(Refer Note 49 for credit risk of trade receivables.)

(48) Employee Benefit Obligations

(i) Defined Contribution Plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident and Pension Fund and Employee State Insurance ('ESI') which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are recognised in the Revised Standalone Statement of Profit and Loss as they accrue.

Particulars	Year Ended 31 March 2026	Year Ended 31 March 2025
The followings recognized in the Statement of Profit and Loss		
Contribution to Employee's State Insurance Corporation	0.14	0.18
Contribution to Employees Provident Fund	0.99	1.00

(ii) Defined Benefit Plans

Particulars	As at 31 March 2026		As at 31 March 2025	
	Current	Non-Current	Current	Non-Current
Leave Encashment	0.02	0.46	0.07	0.51
Gratuity	0.13	2.23	0.50	2.82

The defined benefit plans expose the Group to a number of actuarial risks as below:

(a) Interest Risk : A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the value of plan's debt investments.

(b) Salary risk : The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

(c) Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(d) Inflation risk: Some of the Group's Pension obligations are linked to inflation, and higher inflation will lead to higher liabilities although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation.

(iii) Leave Encashment

The liabilities for leave encashment are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit Method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Other Comprehensive Income.

(49) Financial Risk Management

The Company has a system-based approach to risk management, anchored to policies & procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as market risk, credit risk and liquidity risk) that may arise as a consequence of its business operations as well as its investing and financing activities. Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with applicable regulations. It also seeks to drive accountability in this regard.

The Company's financial liabilities includes Borrowings, Trade Payables and Other Financial Liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include Investment, Trade Receivables, Cash and Cash Equivalents and Other Financial Assets that are derived directly from its operations.

It is the Company's policy that derivatives are used exclusively for hedging purposes and not for trading or speculative purposes.

Risk	Exposure arising from	Measurement	Management
Market Risk – Commodity Price Risk	Volatility in raw material prices significantly impacts the input costs	Commodity price tracking	Mitigated this risk by well integrated business model
Market Risk – Price Risk	Investments in equity, preference, mutual fund and AIF securities	Sensitivity analysis	Continuous monitoring of performance of investments

Credit Risk	Investment,Trade receivables and other financial assets measured at amortised cost	Ageing analysis	Diversification of customer base
Liquidity Risk	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities

The Board of Directors reviewed policies for managing each of these risks which are summarised below:

(a) Market Risk

(i) Commodity Price Risk

Alloy industry being cyclical in nature, realisations gets adversely affected during downturn. Higher input prices or higher production than the demand ultimately affects the profitability. The Company has mitigated this risk by well integrated business model.

(ii) Price Risk

The Company's exposure to equity, preference, mutual fund and AIF securities price risk arises from investments held by the Company and classified in the balance Sheet either at fair value through other comprehensive income or at fair value through profit and loss. Having regard to the nature of securities, intrinsic worth, intent and long term nature of securities held by the Company, fluctuation in their prices are considered acceptable and do not warrant any management.

** Holding all other variables constant*

(iii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in the market interest rates relates primarily to the Company's borrowings obligations with floating interest rates. The borrowings of the Company are principally denominated in Indian Rupees linked to MCLR with floating rates of interest. The Company invests surplus funds in Short-Term Deposits and Mutual Funds, some of which generate a tax-free return, to achieve the Company's goal of maintaining liquidity, carrying manageable risk and achieving satisfactory returns.

The exposure of the Company's Financial Liabilities to interest rate risk is as follows:

Particulars	As at 31 March 2026	As at 31 March 2025
From Bank		
- Cash Credit from Bank	-	0.39
- Working Capital Demand Loan	83.00	15.96

Particulars	Impact on Profit Before Tax	
	31 March 2026	31 March 2025
Interest expense rates – increase by 50 basis points (P.Y. 2025: 50 bps)*	(1.14)	(2.81)
Interest expense rates – decrease by 50 basis points (P.Y. 2025: 50 bps)*	1.14	2.81

** Holding all other variables constant*

(iv) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's foreign currency denominated Borrowings, Creditors and Debtors. This foreign currency risk is covered by using foreign exchange forward contracts.

Since the Company has both imports as well as exports (exports are more than imports) the currency fluctuation risk is largely mitigated by matching the export inflows with import outflows. Surplus exports are hedged using simple forward exchange contracts depending on the market conditions.

The hedge mechanisms are reviewed periodically to ensure that the risk from fluctuating currency rates is appropriately managed. The following analysis is based on the gross exposure as at the reporting date which could affect the Profit or Loss. The exposure summarised below is mitigated by some of the derivative contracts entered into by the Company as disclosed under the section on "Derivative financial instruments". The Company does not hold derivative financial instruments for speculative purposes.

The Company's exposure to foreign currency risk at the end of the reporting period are as follows: Figures in Cr.

Foreign Currency Sensitivity

1% increase or decrease in foreign exchange rates will have no material impact on profit.

(v) Derivative Financial Instruments and Risk Management

The Company has entered into variety of foreign currency forward contracts to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures.

The Company uses forward exchange contracts to hedge its exposures in foreign currency arising from firm commitments and highly probable forecast transactions. Forward exchange contracts that were outstanding on respective reporting dates are as follows:

The aforesaid hedges have a maturity of less than 1 year from the year end.

(b) Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties, where appropriate, as a means of mitigating the risk of financial loss from defaults. Credit risk on receivables is limited as almost all domestic sales are against advance payment or letters of credit (except sale made to PSU's) and export sales are on the basis of documents against payment or letters of credit. Financial instruments and cash deposits Credit risk from balances with banks and investments is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus fund in portfolio management services, mutual funds, alternate investment funds and direct equity are made only with approved counterparties and within credit limits assigned to each counterparty, if any. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Board of Directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. Balances with banks and deposits are placed only with highly rated banks/financial institution.

i) Financial Instruments and Deposits

For current investments, counterparty limits are in place to limit the amount of credit exposure to any one counterparty. This, therefore, results in diversification of credit risk for the Company's mutual fund investments.

With respect to the Company's investing activities, counter parties are shortlisted and exposure limits determined on the basis of their credit rating (by independent agencies), financial statements and other relevant information. Taking into account the experience of the Company over time, the counter party risk attached to such assets is considered to be insignificant.

None of the Company's Cash and Cash Equivalents, including Time Deposits with banks, are past due or impaired. Regarding Loans and Other Financial Assets (both current and non-current), there were no indications as at 31 March 2026, that defaults in payment obligations will occur .

(₹ In Cr.)

ii) Trade Receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically.

The risk related to trade receivable is presented in note no. 17

The credit quality of the Company's customers is monitored on an ongoing basis and assessed for impairment where indicators of such impairment exist. The Company uses simplified approach for impairment of financial assets. If credit risk has not increased significantly, 12-month expected credit loss is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime expected credit loss is used. The solvency of the debtor and their ability to repay the receivable is considered in assessing receivables for impairment. Where receivables have been impaired, the Company actively seeks to recover the amounts in question and enforce compliance with credit terms.

(c) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Company maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flow projections and level of liquid assets necessary to meet these on a regular basis.

(i) Financing Arrangements

The Company had access to the following undrawn funding facilities at the end of the reporting period:

Particulars	As at 31 March 2026	As at 31 March 2025
Expiring within one year (bank overdraft and other facilities)	7.00	74.04
	7.00	**74.04**

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities in INR may be drawn at any time.

(ii) Exposure to Liquidity Risk

The Company remains committed to maintaining a healthy liquidity, net debt to equity ratio , deleveraging and strengthening the financial position. The maturity profile of the Company's financial liabilities based on the remaining period from the date of Balance Sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Company.

(50) Capital Management

The Company's objectives when managing capital is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Company's overall strategy remains unchanged from previous year. The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company. The Company sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments. The funding requirements are met through a mixture of equity, internal fund generation and borrowings. The Company's policy is to use current and non-current borrowings to meet anticipated funding requirements.

The Company monitors capital on the basis of the net debt to equity ratio which is net debt divided by total capital (equity plus net debt). The Company is not subject to any externally imposed capital requirements. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares .

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation Methodology

Specific valuation techniques used to value financial instruments include:

- the fair value of investment in quoted equity shares and mutual funds is measured at quoted price or NAV.
- the fair value of investment in unquoted equity shares of National Stock Exchange (NSE) is measured by CCM Methods in Current financial year and PORI Method in the previous financial year.
  the fair value of investment in unquoted equity shares other than National Stock Exchange (NSE) and unquoted preference shares is measured by using Discounting Cash Flow (DCF) Method under market approach.
- the fair value of level 3 instruments is valued using inputs based on information about market participants assumptions and other data that are available.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

(iii) Fair value of financial assets and liabilities measured at fair value - recurring fair value measurements

The Company assessed that fair value of trade receivables, cash and cash equivalent, bank balances, loans, trade payable and other financial assets and liabilities except derivative financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments. The Company's borrowings have been contracted at market rates of interest. Accordingly, the carrying value of such borrowings approximate fair value.

(iv) Significant Estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

(56) Contingent Liabilities and Commitments

In the ordinary course of business, the Company faces claims and assertions by various parties. The Company assesses such claims and assertions and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary. The Company records a liability for any claims where a potential loss is probable and capable of being estimated and discloses such matters in its financial statements, if material. For potential losses that are considered possible but not probable, the Company provides disclosure in the financial statements but does not record a liability in its accounts unless the loss becomes probable.

The following is a description of claims and assertions where a potential loss is possible, but not probable. The Company believes that none of the contingencies described below would have a material adverse effect on the Company's financial condition, results of operations or cash flow.

(57) Merger by Absorption of Impex Metal & Ferro Alloys Limited with Maithan Alloys Limited in accordance with Appendix C- Business Combinations of Entities under Common Control of Ind AS 103, Businness Combinations.

The Board of Directors of the Company in its meeting held on 28 May 2025 had approved a Scheme of Merger by Absorption ("Scheme") of Impex Metal & Ferro Alloys Limited ("Wholly owned subsidiary of the Company") ("Impex") ("Transferor Company") with Maithan Alloys Limited ("MAL") ("Transferee Company") under the provisions of Section 230 to 232 and other applicable provisions of the Companies Act, 2013. The Scheme provides for the merger of Impex into MAL.

Application seeking approval of the Scheme was subsequently filed with Hon'ble National Company Law Tribunal (NCLT), Kolkata Bench on 02 August 2025.

Hon'ble NCLT, Kolkata Bench vide its Order dated 08 June 2026 sanctioned the Scheme and the said Scheme became effective upon filing of a Certified Copy of the said Order dated 08 June 2026 with Registrar of Companies, West Bengal on 30 June 2026 with the Appointed date as 31 March 2024.

Accordingly, the Company has given effect to the Scheme in the earlier approved standalone financial statements for the year ended 31 March 2026 from the Appointed date of 31 March 2024 by revising the standalone financial statements, which was approved by the Board of Directors on 16 May 2026.

These revised standalone financial statements for the year ended 31 March 2026 have been prepared pursuant to the Scheme of Merger of Transferor Company with the Company from the specified retrospective appointed date of 31 March 2024.

The revision to the standalone financial statements have been carried out solely for the impact of above referred merger and no additional adjustments have been carried out for any other events occurring after 16 May 2026 (being the date when the financial statements were first approved by the Board of Directors of the Company).

In line with the above, wherever the term "standalone financial statements" is mentioned, it should be referred to as "revised standalone financial statements".

Pursuant to the approved Scheme of Merger by Absorption, the Transferee Company has accounted for merger in its books as per the applicable accounting principles prescribed under relevant Indian Accounting Standards.

As Transferor Company was a wholly owned subsidiary of the Transferee Company, no consideration was discharged by Transferor Company pursuant to the Scheme of Merger by Absorption with Transferee Company.

a) Accounting Treatment

Below is the summary of accounting treatment which has been given effect to in these standalone financial statements, in accordance with accounting treatment prescribed in the scheme

(i) All assets and liabilities of the transferor Company are recorded at the respective book values as appearing in the consolidated financial statement of transferee Company.

(ii) The identity of reserves of transferor company has been preserved and recorded in the same form and at carrying amount as appearing in the consolidated financial statement of the transferee company.

(iii) The inter-company balances and transaction between the transferor company, transferee company have been eliminated.

(iv) The financial statements of the Transferee Company reflect the financial position on the basis of consistent accounting policies.

(v) The value of the Investments held by the Transferee Company in the Transferor Company shall stand cancelled pursuant to this scheme of merger by absorption.

(61) With effect from 01 April 2023, the Ministry of Corporate Affairs (MCA) has made it mandatory for every company, which uses accounting software for maintaining its books of account, to use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled. The Company uses accounting software for maintaining its books of account for the financial year 31 March 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. However, the audit trail feature is not enabled at the database level for accounting software and payroll software. This is being taken up with the vendor and subsequently it has been enabled on 14 May 2024. Further, no audit trail feature was tampered with in respect to the accounting software including payroll software.

(62) On 21 November 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has evaluated the impact of the New Labour Codes in respect of its own employees and there is no material impact on the revised standalone financial results. The Company has evaluated the impact of the OSHWC Code, 2020 regarding contract labour. Based on this assessment and existing service contracts, there is no financial impact on the current reporting period. "The contractual obligation for statutory contributions and wage payments rests with the respective licensed contractors. The Company has monitored compliance and concluded that no secondary liability has devolved upon it during the reporting period." As the Company does not engage contract labour for ""core activities,"" no additional direct liability or permanent employment obligations have been triggered under the new framework.

Revised Independent Auditor's Report

To the Members of
Maithan Alloys Limited

REPORT ON THE AUDIT OF THE REVISED CONSOLIDATED FINANCIAL STATEMENTS

This Report supersedes our Report dated May 16, 2026

Opinion

We have audited the accompanying Revised Consolidated Financial Statements of Maithan Alloys Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the revised consolidated Balance Sheet as at March 31, 2026, and the revised consolidated Statement of Profit and Loss (including Other Comprehensive Income), the revised consolidated Statement of Changes in Equity and the revised consolidated Statement of Cash Flows for the year then ended, and notes to the revised consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the revised consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid revised consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Revised Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Revised Consolidated Financial Statements" section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the revised consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Revised Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below is sufficient and appropriate to provide a basis for our audit opinion on the Revised Consolidated Financial Statements.

Emphasis of Matter

We draw attention to Notes 2 and 57 of the revised consolidated financial statements, which describe the Basis of Preparation. As explained therein, these revised consolidated financial statements for the year ended March 31, 2026 have been prepared pursuant to the Composite Scheme of Arrangement ("the Scheme") for the merger of Impex Metal & Ferro Alloys Limited, a wholly owned subsidiary of the Company ("Transferor Company"), with the Company, with effect from the specified retrospective appointed date of March 31, 2024, as approved by the National Company Law Tribunal ("NCLT"), Kolkata Bench, vide order dated June 8, 2026 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Company with the Registrar of Companies, West Bengal, on June 30, 2026.

Note 57 to the earlier consolidated financial statements explained that an application for the merger of the Transferor Company with the Company, with effect from March 31, 2024, was pending before the NCLT. We issued a separate auditor's report dated May 16, 2026 on those earlier consolidated financial statements to the shareholders of the Company. The application having subsequently been approved, the Company has now prepared these revised consolidated financial statements incorporating the impact of the merger as per applicable Indian Accounting standards from March 31, 2024. Accordingly, this audit report relates to the revised consolidated financial statements.

In accordance with SA 560 "Subsequent Events", issued by the Institute of Chartered Accountants of India, our audit procedures in relation to the revision of the consolidated financial statements have been carried out solely in respect of this matter; no additional procedures have been performed in respect of any other events occurring after May 16, 2026, being the date of our earlier audit report on the earlier consolidated financial statements.

Our earlier auditor's report dated May 16, 2026 (UDIN: 26063769IXQULL2834) on the earlier consolidated financial statements has been superseded by this auditor's report on the revised consolidated financial statements. Accordingly, the earlier auditor's report should no longer be relied upon.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Revised Consolidated Financial Statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the Revised Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context:

Descriptions of Key Audit Matter	How we addressed the matter in our audit
Revenue Recognition (Refer Note No. 3 and 35 of the Revised Consolidated Financial Statements): Revenue from the sale of products (hereinafter referred to as "Revenue") is recognised when the Holding Company and its subsidiary (Maithan Ferrous Private Limited) performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such revenue recognition in case of sale of goods is when the control over the same is transferred to the customer. The timing of revenue recognition is relevant to the reported performance of the Holding Company and its subsidiary (Maithan Ferrous Private Limited). The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before control is transferred. We determine this to be key audit matter to our audit report due to quantum of amount involved.	Our audit procedures included the following: • Assessed the Holding Company's/Subsidiary Company's revenue recognition accounting policies in line with Ind AS 115 ("Revenue from Contracts with Customers") and tested thereof. • Evaluated the design, implementation and operating effectiveness of Holding Company's/Subsidiary Company's controls in respect of revenue recognition. • Tested the effectiveness of such controls over revenue cut off at year-end. • On a sample basis, tested supporting documentation for sales transactions recorded during the year which included sales invoices, customer contracts and shipping documents. • Performed analytical review procedures on revenue recognised during the year to identify any unusual and/or material variances. • Tested selected samples of revenue transactions recorded before and after the financial year end date to determine whether the revenue has been recognised in the appropriate financial period. • Evaluated the appropriateness and adequacy of disclosures in the financial statements in respect of revenue recognition with the applicable standards. • We have relied on audit procedures performed by the component auditor of subsidiary with respect to key audit matters reported by the component auditor. Based on above procedures, we concluded that the revenue has been recognised and measured as per IND AS 115.
Existence and Valuation of Inventory (Refer Note No.3 and 13 of the Revised Consolidated Financial Statements): The carrying value of inventory of the Holding Company and its subsidiary (Maithan Ferrous Private Limited) as at 31 March 2026 is ₹ 698.91 crores. The inventory is valued at the lower of cost and net realizable value. We considered the value of inventory as a key audit matter given the relative size of its balance in the Revised Consolidated Financial Statements and significant judgment involved in comparison of net realizable value with cost to arrive at valuation of inventory. We determine this to be key audit matter to our audit report due to quantum of amount involved.	**Our audit procedures included the following:** • We understood and tested the design and operating effectiveness of controls as established by the management in determination of net realizable value of inventory. • Assessing the appropriateness of Holding Company's/Subsidiary Company's accounting policy for valuation of inventory and compliance of the policy with the requirements of the prevailing Indian accounting standards. • We considered various factors including the actual selling price prevailing around and subsequent to the year-end. • Compared the cost of the finished goods with the estimated net realizable value and checked if the finished goods were recorded at net realizable value where the cost was higher than the net realizable value. • Further, for the purpose of determination of physical quantity of the inventory as at the year end, physical verification was done by the management of the Holding Company's/Subsidiary Company's along with independent third party and we have relied upon their report. • The existence and cost of the land bank have been verified with reference to the respective underlying documents. • We have relied on audit procedures performed by the component auditor of subsidiary with respect to key audit matters reported by the component auditor. Based on the above procedures performed, the management's determination of the net realizable value of the inventory as at the year end and comparison with cost for valuation of inventory is considered to be reasonable.

Descriptions of Key Audit Matter	How we addressed the matter in our audit
Existence and Valuation of Investment (Refer Note No. 3, 9 and 14 of the Revised Consolidated Financial Statements): The Holding company holds Current and Non-Current Investments amounting to ₹ 1,653.12 crores and ₹ 1,057.26 crores respectively which represents 55.39% of total assets of revised consolidated financial statement as at March 31, 2026.The Investments comprise of mutual funds, quoted equity shares, unquoted equity shares, Alternate Investment Funds and Investment through Portfolio Management Service (PMS). The investments being financial instruments needs to be appropriately designated at fair value through profit or loss, fair value through other comprehensive income (not to be reclassified) or at amortized cost. Further, these financial instruments need to be valued and classified as Level 1, 2 or 3 financial instruments as per the fair value hierarchy. We determine this to be key audit matter to our audit report due to quantum of amount involved.	**Our audit procedures included the following:** • We understood, assessed and tested the design and operating effectiveness of key controls surrounding fair valuation of investments. • We have verified the Broker's Demat holding statements, statement of account, PMS Portfolio holding statements as at March 31, 2026 for Equity Shares, Mutual Funds, Alternative Investment Funds, and PMS investments to confirm the existence and ownership of the Company's investment portfolio. • We have assessed the independence and competence of the valuation expert appointed by the management. • We have verified on sample basis the fair valuation of all Investments held as at March 31, 2026 to the Net Assets Value provided by the respective Mutual funds and Alternate Investment Funds, market value of quoted equity shares from source data, valuation of unquoted equity shares from report issued by valuation expert engaged by management, Market Value of investment made in PMS though its holding statement and tested the arithmetical accuracy of the calculation of valuation of investments. • Assessed adequate disclosures in financial statements in respect of investment. Based on the audit procedures performed, we are satisfied with valuation and existence of current and non-current investments.

Information Other than the Revised Consolidated Financial Statements and Revised Auditor's report thereon

The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the annual report but does not include the Revised Consolidated Financial Statements and our revised auditor's report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the Revised Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the revised consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the revised consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable laws and regulations.

Responsibilities of Management and Board of Directors for the Revised Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Revised Consolidated Financial Statements, that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Revised Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Revised Consolidated Financial Statements by the Directors of the Holding

In preparing the Revised Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of their respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Revised Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Revised Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a revised auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Revised Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Revised Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to Revised Consolidated Financial Statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our revised auditor's report to the related disclosures in the revised consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our earlier auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Revised Consolidated Financial Statements, including the disclosures, and whether the revised consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Revised Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Revised Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Revised Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Revised Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Revised Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Revised Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Revised Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our revised auditor's report unless law or regulation precludes public disclosure about the

matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of Impex Metal & Ferro Alloys Limited ("the Transferor Company"), which has been merged with the Company with effect from the appointed date of March 31, 2024 pursuant to the National Company Law Tribunal (NCLT) Order dated June 8, 2026, as described in the Emphasis of Matter paragraph above. The financial statements of the Transferor Company for the years ended March 31, 2024, March 31, 2025 and March 31, 2026 were audited by another independent auditor, who expressed unmodified opinions thereon vide auditor's reports dated May 23, 2024, May 26, 2025 and May 11, 2026, respectively.

As part of our audit of the revised consolidated financial statements of the Company for the year ended March 31, 2026, we audited only the adjustments made to give effect to the merger of the Transferor Company in accordance with the Composite Scheme of Arrangement and applicable Indian Accounting Standards as described in Notes 2 and 57 to the revised consolidated financial statements. We were not engaged to audit, review or perform any other procedures on the historical financial statements of the Transferor Company other than with respect to such adjustments.

The financial information of the Transferor Company included in the revised consolidated financial statements reflects total assets of ₹ 140.66 crores as at March 31, 2026, net assets of ₹ 60.95 crores, total revenue of ₹ 175.01 crores, net profit after tax of ₹6.37 crores, total comprehensive income of ₹ 6.37 crores and net cash inflows of ₹ 0.68 crores for the year then ended.

The financial statements of the Transferor Company and the related auditor's reports have been furnished to us by the Management. Our opinion on the revised consolidated financial statements, insofar as it relates to the amounts and disclosures pertaining to the Transferor Company included pursuant to the Scheme, and our report under Section 143(3) of the Companies Act, 2013, insofar as it relates to the aforesaid amounts and disclosures, are based on the reports of the other independent auditor and the audit procedures performed by us in respect of the merger adjustments referred to above.

We did not audit the financial statements of nine subsidiaries, whose financial statements reflects total assets of ₹ 593.41 crores and net assets of ₹ 63.78 crores as at March 31 2026, total revenues of ₹ 395.07 crores, total net loss after tax of ₹ 5.46 crores, total comprehensive income of ₹ -5.46 crores for year ended March 31, 2026, and net cash inflow of ₹ 12.71 crores for the year ended March 31, 2026, as considered in the revised consolidated financial statements. These financial statements have been audited by the other auditors whose report have been furnished to us by the management and our opinion on the Revised Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of the other auditor.

We did not audit the special purpose financial statements of three subsidiaries, whose financial statements reflects total assets of ₹ 294.54 crores and net assets of ₹ 143.51 crores as at March 31, 2026, total revenues of ₹ Nil crores, total profit after tax of ₹ 15.18 crores, total comprehensive income of ₹ 15.18 crores and net cash outflow of ₹ 1.20 crores for the year ended March 31, 2026 as considered in the revised consolidated financial statements. The financial statements of two subsidiaries have been converted for the special purpose of consolidation in accordance with the principles applicable to asset acquisitions, and the financial statements of one subsidiary have been prepared in accordance with Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, upon transition from Indian GAAP, for the purpose of consolidation. These financial statements have been audited by other auditors whose reports have been furnished to us by the management, and our opinion on the Revised Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of the other auditor.

Our opinion on the Revised Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure A, a statement on the matter specified in paragraph 3(xxi) of CARO 2020.

Annexure “B” to the Revised Independent Auditor's Report

This Report supersedes our Report dated May 16, 2026

(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of our Revised Independent Auditor's Report of even date to the members of Maithan Alloys Limited on the Revised Consolidated Financial Statements as of and for the year ended March 31, 2026)

Report on the Internal Financial Controls with reference to Revised Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Revised Consolidated Financial Statements of the Group as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to Revised Consolidated financial statements of Maithan Alloys Limited (hereinafter referred to as "the Holding Company") and its subsidiaries which are companies incorporated in India, Based on comments made by the independent auditors of the subsidiary companies incorporated in India(covered entities) with respect to the internal financial controls with reference to Financial Statements of respective subsidiaries, as of that date.

Emphasis of Matter

We draw attention to Notes 2 and 57 of the revised consolidated financial statements, which describe the Basis of Preparation. As explained therein, these revised consolidated financial statements for the year ended March 31, 2026 have been prepared pursuant to the Composite Scheme of Arrangement ("the Scheme") for the merger of Impex Metal & Ferro Alloys Limited, a wholly owned subsidiary of the Company ("Transferor Company"), with the Company, with effect from the specified retrospective appointed date of March 31, 2024, as approved by the National Company Law Tribunal ("NCLT"), Kolkata Bench, vide order dated June 8, 2026 ("Order"). A certified copy of the Order sanctioning the Scheme has been filed by the Company with the Registrar of Companies, West Bengal, on June 30, 2026.

Note 57 to the earlier consolidated financial statements explained that an application for the merger of the Transferor Company with the Company, with effect from March 31, 2024, was pending before the NCLT. We issued a separate auditor's report dated May 16, 2026 on those earlier consolidated financial statements to the shareholders of the Company. The application having subsequently been approved, the Company has now prepared these revised consolidated financial statements incorporating the impact of the merger as per applicable Indian Accounting standards from March 31, 2024. Accordingly, this audit report relates to the revised consolidated financial statements.

In accordance with SA 560 "Subsequent Events", issued by the Institute of Chartered Accountants of India, our audit procedures in relation to the revision of the consolidated financial statements have been carried out solely in respect of this matter, no additional procedures have been performed in respect of any other events occurring after May 16, 2026, being the date of our earlier audit report on the earlier consolidated financial statements.

Our earlier auditor's report dated May 16, 2026 (UDIN: 26063769IXQULL2834) on the earlier consolidated financial statements has been superseded by this auditor's report on the revised consolidated financial statements. Accordingly, the earlier auditor's report should no longer be relied upon.

Our opinion is not modified in respect of this matter.

Management's responsibility for Internal Financial Controls

1. The respective Board of Directors of the Holding Company, its subsidiaries which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

2. Our responsibility is to express an opinion on the internal financial controls with reference to Revised Consolidated Financial Statements of the Holding company and subsidiaries which are companies incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Revised Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Revised Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

3. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Revised Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Revised Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Revised Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Revised Consolidated Financial Statement, whether due to fraud or error.

4. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Revised Consolidated Financial Statement of the Holding Company, its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Control with reference to Financial Statements

5. A Company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements

Inherent limitation of Internal Financial Control with reference to Financial Statements

6. Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

7. In our opinion to the best of our information and according to the explanations given to us and based on the consideration of other auditors referred to in the Other Matters paragraph below, the Holding Company, its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to Revised Consolidated Financial Statements and such internal financial controls with reference to Revised Consolidated Financial Statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to Revised Consolidated Financial Statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

8. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Revised Consolidated Financial Statements in so far as it relates to 7 subsidiary companies which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of the above matters.

1. Corporate Information

Maithan Alloys Limited ("the Company" / "Holding Company") is a public company domiciled in India limited by shares, and it's incorporated on 19 September 1985 under the provisions of the Companies Act applicable in India. Its shares are listed on Calcutta Stock Exchange (CSE) and the National Stock Exchange (NSE) and are traded on Bombay Stock Exchange (BSE) under Permitted category. The Group is primarily engaged in the business of manufacturing and exporting of all three bulk Ferro alloys- Ferro Manganese, Silico Manganese and Ferro Silicon. The Group is also engaged in the real estate business activities.

2. Statement of compliance and basis of preparation of Revised Financial Statements

2.1

a. Statement of Compliance

These ('financial statements') of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ("the Act") read with Rule 4A of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards),as amended, and other relevant provisions of the Companies Act, 2013 ("the Act"). The accounting policies are applied consistently to all the periods presented in the financial statements. The Consolidated Financial Statements presents the Financial Position of the Group.

b. Basis of Preparation

The financial statements have been prepared on the going concern basis and at historical cost and on accrual method of accounting, except for certain financial assets and liabilities that are measured at fair value/ amortised cost. (Refer note 3(j) below).

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition, or the amount of proceeds received in exchange for the obligation, or at the amount of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

These revised consolidated financial statements are authorised for issue by the Board of Directors of the Company at their meeting held on 04 August 2026. The earlier consolidated financial statements of the Company for the year ended 31 March 2026 were first approved by the Board of Directors on 16 May 2026. The earlier consolidated financial statements of the Company are being revised pursuant to an approved Scheme of Arrangement, the details of which are stated in note 57.

c. Functional Currency and Presentation Currency

The financial statements are prepared in Indian Rupees (₹) which is the functional currency of the Group and the currency of the primary economic environment in which the Group operates and all values are rounded to the nearest crores, upto 2 decimal places except as otherwise indicated.

d. Current and Non-Current Classification

All assets and liabilities are classified as current or non-current as per the Group's normal operating cycle (twelve months) and other criteria set out in the schedule III to the Companies Act, 2013 and Ind AS 1 - *'Presentation of Financial Statements'.*

All assets and liabilities are classified as current when it is expected to be realized or settled within the Group's normal operating cycle, i.e. twelve months. All other assets and liabilities are classified as non- current.

Deferred tax assets and liabilities are classified as non-current only.

e. Application of New Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") has notified amendments to the existing standards Ind AS 1 - Presentation of financial statements relating to classification of liabilities as current or non-current subject to covenants, Ind AS 12 - Income Taxes relating to international tax reforms - Pillar Two Model Rules, Ind AS 21 - the effect of changes in foreign exchange rates and Ind AS 107 - Financial Instruments: Disclosures and Ind AS 7 - Statement of Cashflows relating to disclosure of supplier financing arrangements, applicable from April 1, 2025. The Company has assessed that there is no significant impact on its financial statements with respect to the amendments in Ind AS 1, Ind AS 7, Ind AS 107, Ind AS 21 and Ind AS 12.

2.2 Basis of Consolidation

a. Subsidiary

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which controls commences until the date on which control ceases.

b. Non-Controlling Interest (NCI)

Non-controlling interest in the net assets of the consolidated subsidiaries consists of:

a) The amount of equity attributable to non-controlling shareholders at the date on which the investments in the subsidiary companies were made.

b) The non-controlling share of movements in equity since the date the Parent-Subsidiary relationship comes into existence.

The total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interest having deficit balance.

c. Loss of Control

When the Group loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the Statement of Profit and Loss.

d. Transaction Eliminated on Consolidation

The financial statements of the Company, its Subsidiaries, Joint Ventures and Associates used in the consolidation procedure are drawn upto the same reporting date, i.e., 31st March 2023.

The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together of like items of assets, liabilities, income and expenses, after eliminating material intra-group balances and intra-group transactions and resulting unrealised profits or losses on intra-group transactions. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

e. Business Combinations

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the fair values of assets transferred on acquisition-date, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values on acquisition-date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the excess is recognized capital reserve.

Contingent consideration is classified either as equity or financial liability. Amount classified as financial liability are subsequently re-measured to fair value with changes in fair value recognized in Statement of Profit and Loss.

f. Asset Acquisition

In case of acquisition of an asset or a group of assets that does not constitute a business, the Group identified and recognises individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets in Ind AS 38, Intangible Assets) and liabilities assumed. The cost of the group shall be allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction or event does not give rise to goodwill.

3. Summary of Material Accounting Policies

a. Property, Plant and Equipments

Property, plant and equipment are stated at their cost of acquisition, installation or construction less accumulated depreciation and impairment losses, if any, except freehold land which is stated at cost less impairment losses if any.

The cost of property, plant and equipment comprises its purchase price, and any cost directly attributable to bringing the asset to working condition and location for its intended use. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Stores and spare parts are capitalised when they meet the definition of property, plant and equipment. The corresponding old spares are decapitalised on such date with consequent impact in the statement of profit & loss.

Subsequent expenditures on major maintenance or repairs includes the cost of the replacement of parts of assets and overhaul costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

If significant parts of an item of property, plant and equipment have different useful life, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of PPE, is determined as the difference between the sales proceeds and the carrying amount of the asset, and is recognised in Statement of Profit and Loss. Major inspection and overhaul expenditure is capitalized, if the recognition criteria are met.

Capital work in progress comprises expenditure for acquisition and construction of tangible assets that are not yet ready for their intended use. Costs, net of income, associated with the commissioning of the asset are capitalized until the period of commissioning has been completed and the asset is ready for its intended use. At the point when the asset is capable of operating in the manner intended by the management, the cost of construction is transferred to the appropriate category of property, plant and equipment. Such items are classified to the appropriate category of property, plant and equipment when completed and ready for their intended use. Advances given towards acquisition/construction of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under "Other non-current assets".

b. Depreciation

Depreciation on property, plant and equipment is provided on straight line method (SLM), except on Building and Plant & Machineries of Ferro Alloys Unit at Byrnihat and Kalyaneshwari on which depreciation has been provided on written down value (WDV) method.

Depreciation commences when the assets are ready for their intended use. Depreciated assets and accumulated depreciation amounts are retained fully until they are removed/retired from active use.

Depreciation is provided to allocate the costs of property, plant and equipment, net of their residual values, over their useful life as specified in Schedule II of the Companies Act, 2013, other than in case of factory building and plant & machinery in Visakhapatnam Unit where useful life has been considered by the management to be of 20 years.

The assets residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed during each financial year and adjusted prospectively, if appropriate. In respect of an asset for which impairment loss is recognized, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

c. Leases

The Group has applied Ind AS 116 "Leases" with effect from 1st April 2019. The Group assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration, to assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether

- the contract involves the use of identified asset;
- the Group has substantially all of the economic benefits from the use of the asset through the period of lease; and
- the Group has the right to direct the use of the asset.

As a Lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are initially measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the initial amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are subsequently depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful lives of right of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or lower and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

d. Intangible Assets and Amortization

Intangible assets acquired separately are, on initial recognition, measured at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for intangible asset with a finite useful life are reviewed at the end each reporting period.

Intangible assets with infinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of infinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

A Summary of the policies applied to the Group's intangible assets is, as follows:

Intangible assets	Amortization Method Used
Mining rights	Over the period of respective mining agreement
Software	Amortized on a straight-line basis over the useful life.

The amortisation period and the amortisation method are reviewed at each financial year end, if the expected useful life of the asset is different from previous estimates; the change is accounted for prospectively as a change in accounting estimate.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

e. Goodwill

Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units that are expected to benefit from the synergies of the combination. Cash generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

An impairment loss recognised for goodwill is not reversed in a subsequent period. On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of profit or loss on disposal.

f. Non-Current Assets Held for Sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised.

A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of derecognition.

Non-current assets and disposal groups classified as held for sale are not depreciated and are measured at the lower of carrying amount and fair value less costs to sell except for those assets that are specifically exempt under relevant Ind AS. Once the assets are classified as "Held for sale", those are not subjected to depreciation till disposal. Such assets and disposal groups are presented separately on the face of the Balance Sheet.

g. Impairment of Non- Financial Assets

The Group assesses at the end of each reporting period the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, then an impairment review is undertaken and an impairment loss, if any, is recognized in the statement of profit and loss wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of the asset's fair value less costs of disposal and the asset's value in use. In case, where it is not possible to estimate the recoverable amount of an individual non-financial asset, the Group estimates the recoverable amount for the smallest cash generating unit to which the non-financial asset belongs.

Fair value less costs of disposal is the price that would be received to sell the asset in an orderly transaction between market participants and does not reflect the effect of factors that may be specific to the entity and not applicable to entities in general. Value in use is determined as the present value of the estimated future cash flows expected to arise from the continued use of the asset in its present form and its eventual disposal.

Impairment charges and reversals are assessed at the level of cash-generating unit (CGU). A cash-generating unit (CGU) is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets.

A cash generating unit is treated as impaired when the carrying amount of the assets or cash generating unit exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the period in which asset or cash generating unit is identified as impaired.

Impairment loss recognised in prior accounting period(s) is reversed when there is an indication that the impairment losses recognised no longer exist or have decreased. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

h. Government Grants and Subsidies

Grants and subsidies from the Government are recognized when there is reasonable assurance that the grant/subsidy will be received and the Group will comply with the conditions attached to them. When the grant relates to an expense item, it is recognised in the Statement of Profit and Loss by way of a deduction to the related expense on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate. When the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related assets and presented within other income.

In the unlikely event that a grant previously recognized is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss. When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates and is being recognised in the Statement of Profit and Loss. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

i. Foreign Currency Translation

Foreign currency transactions are translated into the functional currency at the exchange rates that approximates the rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies outstanding at the end of the reporting period are translated into the functional currency at the exchange rates prevailing on the reporting date. Non-monetary items are translated using the exchange rates prevailing on the transaction date, subsequently measured at historical cost and not retranslated at period end.

All exchange differences on monetary items are recognized in the Statement of Profit and Loss.

j. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through the statement of profit and loss) are added or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through the statement of profit and loss are recognized immediately in the statement of profit and loss.

(i) Financial Assets

The Group's financial assets comprise:

a. Current financial assets mainly consist of trade receivables, investments in liquid equity shares, mutual funds, non-convertible debenture, alternate investment fund, portfolio management service, cash and bank balances, fixed deposits with banks and financial institutions and other current receivables.

b. Non-current financial assets mainly consist of financial investments in equity, bond, alternate investment fund, fixed deposits, non-current receivables from related party and employees and non-current deposits.

- *Recognition and Initial Measurement*

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are added to fair value. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

- *Subsequent Measurement*

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at Amortized Cost;
- Financial assets at Fair Value Through Other Comprehensive Income (FVOCI);
- Financial assets at Fair Value Through Profit or Loss (FVTPL); and

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

o *Financial assets at Amortized Cost:* A 'financial assets' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets comprises of current financial assets such as trade receivables, cash and bank balances, fixed deposits with bank and financial institutions, other current receivables and non-current financial assets such as financial investments - fixed deposits. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment, if any are recognised in the statement of profit and loss.

o *Financial assets at FVOCI:* A 'financial assets' is measured at the FVOCI if both of the following conditions are met:

- The objective of the business model is achieved by collecting contractual cash flows and selling the financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in Other Comprehensive Income. However, the interest income, impairment losses & reversals, and foreign exchange gains and losses are recognised in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to statement of profit and loss. Interest earned whilst holding fair value through other comprehensive income debt instrument is reported as interest income using the EIR method.

For equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. If the Group decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

o *Financial assets at FVTPL*: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as FVTPL.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL, if such designation reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with any gains and losses arising on re-measurement are recognized in the Statement of Profit and Loss.

o Equity Instruments: Any equity investments instruments in the scope of Ind AS 109 "Financial Instruments" are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified at cost.

For equity instruments which are classified as FVTPL, all subsequent fair value changes are recognised in the statement of profit and loss.

- *Financial Assets -derecognition*

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred and the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in other equity is recognised in Consolidated Statement of Profit and Loss.

- *Impairment of Financial Assets*

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period.

In case of financial assets, the Group follows the simplified approach permitted by Ind AS 109 - Financial Instruments - for recognition of impairment loss allowance. The application of simplified approach does not require the Group to track changes in credit risk of trade receivable. The Group calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

(ii) Financial Liabilities

- *Recognition And Initial Measurement*

The Group recognises a financial liability in its balance sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables and borrowings including bank overdrafts and derivative financial instruments.

- *Subsequent Measurement*

Financial liabilities are measured subsequently at amortized cost or FVTPL.

Financial liabilities at FVTPL

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. These gains/ losses are not subsequently transferred to the statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Group has not designated any financial liability as at fair value through profit or loss.

Further, the provisionally priced trade payables are marked to market using the relevant forward prices for the future period specified in the contract and is adjusted in costs.

Financial liabilities at amortised cost (Borrowings and Trade and Other payables)

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR (Effective Rate Interest) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR (Effective Rate Interest) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

- *Financial Liabilities- derecognition*
  A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

- *Equity Instruments*
  An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

- *Offsetting Financial Instruments*
  Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

(iii) Derivative Financial Instruments

The Group enters into forward contracts to mitigate the risk of changes in exchange rates. The Group does not hold derivative financial instruments for speculative purposes. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value with changes in fair value recognized in the Statement of Profit and Loss in the period when they arise. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

k. Inventories

Inventories are valued after providing for obsolescence, as follows:

1. Raw materials, stores and spare parts, fuel and packing material:
   These are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on weighted average basis and includes purchase price, other costs incurred in bringing the inventories to their present location and condition, and taxes for which credit is not available. However, materials and other items held for use in production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

2. Work-in-progress, finished goods and stock in trade:
   These are valued at the lower of cost and net realisable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Cost of finished goods and Work-in-progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, but excluding borrowing costs. Cost of Stock-in-trade is determined on weighted average basis and includes cost of purchase and other cost incurred in bringing the inventories in the present location and condition.

   Obsolete, defective, slow moving and unserviceable inventories, if any, are identified at the time of physical verification and where necessary, they are duly provided for.

3. Inventories are valued as under: Land Bank- It consists of asset purchased by the Group that it intends to develop later on into residential / commercial project but on which no construction has commenced. Land is initially recognized at cost which is generally the cost or net realizable value whichever is less. However, it is discounted to present value when payment terms are deferred for a period of more than one year.

l. Revenue Recognition

The Group is primarily engaged in the manufacturing of Ferro Alloys and generate revenue from the sale of the product.

(i) Revenue from Operation

Revenue from sale of product is recognised at the point in time when control of the goods is transferred to the customer, generally on delivery of the product.

At contract inception, the Group assess the goods promised in a contract with a customer and identifies as a performance obligation of each promise to transfer to the customer. Revenue from contracts with customers is recognized when control of goods is transferred to customers and the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration and excluding taxes or duties collected on behalf of the Government.

For Certain Contracts

Certain of the Group's sales contracts provide for provisional pricing based on the price on the Commodity Research Unit (CRU), as specified in the contract. Revenue in respect of such contracts is recognised when control passes to the customer and is measured at the amount the entity expects to be entitled - being the estimate of the price expected to be received at the end of the measurement period. Post transfer of control. of goods, provisional pricing features are accounted in accordance with Ind AS 109 'Financial Instruments' rather than Ind AS 115 'Revenue from contracts with customers' and therefore the Ind AS 115 rules on variable consideration do not apply. These 'provisional pricing' adjustments i.e. the consideration adjusted post transfer of control are included in total revenue from operations. Final settlement of the price is based on the applicable price for a specified future period. The Group's provisionally priced sales are marked to market using the relevant forward prices for the relevant period specified in the contract and is adjusted in revenue.

a. Sale of Goods

Sale of goods is recognised at the point in time when control of the goods is transferred to the customer. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reductions. As the period between the date on which the Group transfers the promised goods to the customer and the date on which the customer pays for these goods is generally one year or less, no financing components are taken into account.

b. Sale of Services

In contracts involving the rendering of services, revenue is measured using the completed service method.

c. Revenue Recognition of Real Estate segment

In real estate development contracts, individual items are sold separately in market and add value to the customer on an individual basis. Therefore, these services are considered as separate performance obligations.

Revenue for 'sale of property' is recognized when control over the property has been transferred to the customer. Revenue is recognized at a point in time when the possession is handed over to the customer including deemed possession.

Where, the Group enters into a contract for sale of undeveloped/developed land revenue for which is recognised when possession is handed over and the control is transferred to the customer

d. Other Operating Revenue

Export incentive and subsidies are recognised when there is reasonable assurance that the Group will comply with the conditions and the incentive will be received. Insurance & other claims, where quantum of accruals cannot be ascertained with reasonable certainty are recognised as income only when revenue is virtually certain which generally coincides with receipt/acceptance.

(ii) Other Income

a) Interest income is recognized using the effective interest rate method. For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

b) Dividend Income is recognised only when the right to receive payment is established.

m. Employee Benefits

a) Short-Term Benefits

Short term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized as an expense at the undiscounted amount in the statement of profit and loss of the period in which the related service is rendered.

Accumulated compensated absences, which are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are treated as short term employee benefits. The Group measure the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlements that has accumulated at the reporting date.

b) Defined Contribution Plans

Employee benefits in the form of contribution Provident Fund managed by Government Authorities and Employee State Insurance Corporation are considered as defined contribution plans and the same are charged to the statement of profit and loss for the period in which the employee renders the related services.

c) Defined Benefit Plans

The Group's gratuity fund scheme and post-employment benefits scheme are considered as defined benefit plans. The Group's liability is determined on the basis of actuarial valuation using the projected unit credit method as at the balance sheet date.

Past service costs are recognized in the statement of profit and loss on the earlier of:

- The date of plan amendment or curtailment, and
- The date that the Group recognizes related restructuring costs

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. The Group recognizes the following changes in the statement of profit and loss:

- Service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Re-measurements comprising actuarial gains and losses, the effect of asset ceiling (if any), and the return on the plan assets (excluding net interest), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the statement of profit and loss in subsequent periods.

d) Compensated absences

The Company provides for the encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment. The liability is provided based on the number of days of unutilised leave at each balance sheet date on the basis of an independent actuarial valuation.

Actuarial gains and losses relating to long-term and short-term employee benefits are recognised in the statement of Profit and Loss in the period in which they arise.

n. Taxation

Income tax expense represents the sum of current tax and deferred tax and includes any adjustments related to past periods in current and/or deferred tax adjustments that may become necessary due to certain developments or reviews during the relevant period. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in Equity or Other Comprehensive Income.

a) Current Tax

Current income tax is measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and the tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to income tax is included in other income.

Current tax relating to the items recognized outside the statement of profit and loss is recognized in correlation to the underlying transaction either in OCI or directly in other equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

b) Deferred Tax

Deferred tax is recognized on all temporary differences between the tax bases of assets and liabilities and their carrying amounts in the Group's financial statements except when the deferred tax arises from the initial recognition of goodwill or initial recognition of an asset or liability in a transaction that is not a business combination and affects neither the accounting nor taxable profits or loss at the time of transaction. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and unused tax losses to the extent it is probable that future taxable profits will be available against which the deductible temporary difference, the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities, and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in Other Comprehensive Income or directly in Equity, in which case, the current and deferred tax relating to such items are also recognised in Other Comprehensive Income or directly in Equity respectively.

o. Borrowing Costs

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised, if any. All other borrowing costs are expensed in the period in which they occur.

p. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, cash at banks, fixed deposits and short-term highly liquid investments with an original maturity of three months or less.

For the purpose of presentation in the statement of cash flows, cash and cash equivalent includes cash on hand, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, cash at bank and bank overdraft which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

q. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

r. Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Group has a present obligation (legal or constructive), as a result of a past events, and it is probable that an outflow of resources will be required to settle such an obligation and the amount can be estimated reliably. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Contingent Liabilities

Contingent liabilities are possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that arises from past events is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Contingent Liabilities are not recognized but disclosed in the financial statements when the possibility of an outflow of resources embodying economic benefits is more.

Contingent Assets

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognised.

s. Earnings per share

Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. Partly paidup shares are included as fully paid equivalents according to the fraction paid-up.

Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares .

t. Dividends

Dividends paid are recognised in the period in which the dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders and is recognised directly in other equity.

u. Segment Reporting

Operating segment is reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM). The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Group. Inter-segment revenues have been accounted for based on prices normally negotiated between the segments with reference to the costs, market prices and business risks, within an overall optimization objective for the Group. Revenue and expenses are identified with segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Group as a whole and are not allocable to segments on a reasonable basis, will be included under "Unallocated/ Others".

v. Exceptional items

Exceptional items are those items that management considers, by virtue of their size or incidence should be disclosed separately to ensure that the financial information allows an understanding of the underlying performance of the business in the year, so as to facilitate comparison with prior periods. Such items are material by nature or amount to the year's result and require separate disclosure in accordance with Ind AS.

w. Key Accounting Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, and disclosures of contingent assets and liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed in the paragraphs that follow.

(i) Useful Economic Lives and Impairment of Other Assets

The estimated useful life of property, plant and equipment (PPE) and intangible asset is based on a number of factors including the effects of obsolescence, usage of the asset and other economic factors (such as known technological advances).

The Group reviews the useful life of PPE and intangibles at the end of each reporting date and any changes could affect the depreciation rates prospectively.

The Group also reviews its property, plant and equipment for possible impairment if there are events or changes in circumstances that indicate that the carrying value of the assets may not be recoverable. In assessing the property, plant and equipment for impairment, factors leading to significant reduction in profits, such as the Group's business plans and changes in regulatory environment are taken into consideration.

(ii) Contingencies and Commitments

In the normal course of business, contingent liabilities may arise from litigation, taxation and other claims against the Group. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

Although there can be no assurance regarding the final outcome of the legal proceedings, the Group does not expect them to have a materially adverse impact on the Group's financial position or profitability.

(iii) Actuarial Valuation

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognized in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend on assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market.

(iv) Fair Value Measurements and Valuation Processes

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

(v) Recognition of Deferred Tax Assets For Carried Forward Tax Losses

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

(vi) Assessment of Impairment of investments in subsidiaries

The Group reviews its carrying value of investments in subsidiaries, associates and joint ventures annually, or more frequently when there is indication for impairment.

If the recoverable amount is less than its carrying amount, the impairment loss is accounted for. Determining whether the investment in subsidiaries, associates and joint ventures is impaired requires an estimate in the value in use of investments. The Management carries out impairment assessment for each investment by comparing the carrying value of each investment with the net worth of each Group based on audited financials, comparable market price and comparing the performance of the investee companies with projections used for valuations, in particular those relating to the cash flows, sales growth rate, pre-tax discount rate and growth rates used and approved business plans.

(i) In determining allowances for credit losses of trade receivables, the Group has used the practical expedient by computing the expected credit loss allowance based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on ageing of the receivables and rates used in the provision matrix

(ii) Trade Receivables have been hypothecated as security against bank borrowings of the Company (Refer note 28).

(iii) There are no debts due by directors or other officers of the Group or any of them either severally or jointly with any other person or debts due by firms or private companies respectively in which any director is a partner or a director or a member.

(iv) The Group considers its maximum exposure to credit risk with respect to customers as at 31 March 2026 to be ₹ 130.46 Cr. (31 March 2025: ₹ 143.35 Cr.), which is the carrying value of trade receivables after allowance for credit loss

(v) The Group's exposure to customer is diversified and only three customers contribute more than 10% of the outstanding receivable for an amount ₹ 79.53 Cr. as at 31 March 2026 (four customers contribute more than 10% of the outstanding receivable for an amount ₹ 98.46 Cr. as at 31 March 2025)

(47) Employee Benefit Obligations

(i) Defined Contribution Plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident and Pension Fund and Employee State Insurance ('ESI') which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are recognised in the Standalone Statement of Profit and Loss as they accrue.

Particulars	Year Ended 31 March 2026	Year Ended 31 March 2025
The followings recognized in the Statement of Profit and Loss		
Contribution to Employee's State Insurance Corporation	0.18	0.20

(ii) Defined Benefit Plans

Particulars	As at 31 March 2026		As at 31 March 2025	
	Current	Non-Current	Current	Non-Current
Leave Encashment	0.02	0.52	0.07	0.54
Gratuity	0.13	2.31	0.50	2.86

The defined benefit plans expose the Group to a number of actuarial risks as below:

(a) Interest Risk : A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the value of plan's debt investments.

(b) Salary risk : The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

(c) Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(d) Inflation risk: Some of the Group's Pension obligations are linked to inflation, and higher inflation will lead to higher liabilities although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation.

(iii) Leave Encashment

The liabilities for leave encashment are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit Method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Other comprehensive income.

(48) Financial Risk Management

The Group has a system-based approach to risk management, anchored to policies & procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as market risk, credit risk and liquidity risk) that may arise as a consequence of its business operations as well as its investing and financing activities.Accordingly, the Group's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with applicable regulations. It also seeks to drive accountability in this regard.

The Group's financial liabilities includes Borrowings, Trade payables and Other financial liabilities. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include Investment, Trade receivables, Cash & cash equivalents and Other financial assets that are derived directly from its operations.

It is the Company's policy that derivatives are used exclusively for hedging purposes and not for trading or speculative purposes.

The Board of Directors reviewed policies for managing each of these risks which are summarised below:-

(a) Market Risk

(i) Commodity Price Risk

Alloy industry being cyclical in nature, realisations gets adversely affected during downturn. Higher input prices or higher production than the demand ultimately affects the profitability. The Group has mitigated this risk by well integrated business model.

(ii) Price Risk

The Group's exposure to equity , preference, mutual fund and AIF securities price risk arises from investments held by the Group and classified in the balance Sheet either at fair value through other comprehensive income or at fair value through profit and loss. Having regard to the nature of securities, intrinsic worth, intent and long term nature of securities held by the Group, fluctuation in their prices are considered acceptable and do not warrant any management.

(iii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in the market interest rates relates primarily to the Company's borrowings obligations with floating interest rates. The borrowings of the Company are principally denominated in Indian Rupees linked to MCLR with floating rates of interest. The Company invests surplus funds in short-term deposits and mutual funds, some of which generate a tax-free return, to achieve the Company's goal of maintaining liquidity, carrying manageable risk and achieving satisfactory returns.

The exposure of the Company's financial liabilities to interest rate risk is as follows:

Particulars	As at 31 March 2026	As at 31 March 2025

Interest expense rates – decrease by 50 basis points (P.Y. 2025: 50 bps)*	1.16	2.88

* Holding all other variables constant

(iv) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's foreign currency denominated borrowings, creditors and debtors. This foreign currency risk is covered by using foreign exchange forward contracts. Since the Company has both imports as well as exports (exports are more than imports) the currency fluctuation risk is largely mitigated by matching the export inflows with import outflows. Surplus exports are hedged using simple forward exchange contracts depending on the market conditions. The hedge mechanisms are reviewed periodically to ensure that the risk from fluctuating currency rates is appropriately managed. The following analysis is based on the gross exposure as at the reporting date which could affect the Profit or Loss. The exposure summarised below is mitigated by some of the derivative contracts entered into by the Company as disclosed under the section on "Derivative financial instruments". The Company does not hold derivative financial instruments for speculative purposes.

The Company's exposure to foreign currency risk at the end of the reporting period are as follows:

(v) Derivative Financial Instruments and Risk Management

The Company has entered into variety of foreign currency forward contracts to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures.

The Company uses forward exchange contracts to hedge its exposures in foreign currency arising from firm commitments and highly probable forecast transactions. Forward exchange contracts, designated under hedging, that were outstanding on respective reporting dates are as follows:

The aforesaid hedges have a maturity of less than 1 year from the year end.

(b) Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties, where appropriate, as a means of mitigating the risk of financial loss from defaults. Credit risk on receivables is limited as almost all domestic sales are against advance payment or letters of credit (except sale made to PSU's) and export sales are on the basis of documents against payment or letters of credit. Financial instruments and cash deposits Credit risk from balances with banks and investments is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus fund in portfolio management services, mutual funds, alternate investment funds and direct equity are made only with approved counterparties and within credit limits assigned to each counterparty, if any. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Board of Directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. Balances with banks and deposits are placed only with highly rated banks/financial institution.

i) Financial Instruments and Deposits

For Current Investments, counterparty limits are in place to limit the amount of credit exposure to any one counterparty. This, therefore, results in diversification of credit risk for the Group's mutual fund investments.

With respect to the Group's investing activities, counter parties are shortlisted and exposure limits determined on the basis of their credit rating (by independent agencies), financial statements and other relevant information. Taking into account the experience of the Group over time, the counter party risk attached to such assets is considered to be insignificant.

None of the Group's Cash and Cash Equivalents, including Time Deposits with banks, are past due or impaired. Regarding Trade Receivables, Loans and Other Financial Assets (both current and non-current), there were no indications as at 31 March 2024, that defaults in payment obligations will occur .

(₹ In Cr.)

ii) Trade Receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. The Group has no concentration of credit risk as the customer base is widely distributed both economically and geographically. The risk related to trade receivable is presented in note no. 15

The credit quality of the Group's customers is monitored on an on going basis and assessed for impairment where indicators of such impairment exist. The Group uses simplified approach for impairment of financial assets. If credit risk has not increased significantly, 12-month expected credit loss is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime expected credit loss is used. The solvency of the debtor and their ability to repay the receivable is considered in assessing receivables for impairment. Where receivables have been impaired, the Group actively seeks to recover the amounts in question and enforce compliance with credit terms.

(c) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Group maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flow projections and level of liquid assets necessary to meet these on a regular basis.

(i) Financing Arrangements

The Company had access to the following undrawn funding facilities at the end of the reporting period:

Particulars	As at 31 March 2026	As at 31 March 2025
Expiring within one year (bank overdraft and other facilities)	24.71	78.76
	24.71	**78.76**

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities in INR may be drawn at any time.

(ii) Exposure to Liquidity Risk

The Group remains committed to maintaining a healthy liquidity, net debt to equity ratio, deleveraging and strengthening the financial position. The maturity profile of the Group's financial liabilities based on the remaining period from the date of Balance Sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Group.

(49) Capital Management

The Group's objectives when managing capital is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Group's overall strategy remains unchanged from previous year. The Group's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Group. The Group sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments. The funding requirements are met through a mixture of equity, internal fund generation and borrowings. The Group's policy is to use current and non-current borrowings to meet anticipated funding requirements.

The Group monitors capital on the basis of the net debt to equity ratio which is net debt divided by total equity. The Group is not subject to any externally imposed capital requirements. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation Methodology

Specific valuation techniques used to value financial instruments include:

- the fair value of investment in quoted equity shares, mutual funds and Non convertible debenture is measured at quoted price or NAV.
- the fair value of investment in unquoted equity shares of National Stock Exchange (NSE) is measured by CCM Methods in Current financial year and PORI Method in the previous financial year.
- the fair value of investment in unquoted equity shares other than National Stock Exchange (NSE) and unquoted preference shares is measured by using Discounting Cash Flow (DCF) Method under market approach.
- the fair value of level 3 instruments is valued using inputs based on information about market participants assumptions and other data that are available.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

(iii) Fair value of financial assets and liabilities measured at fair value - recurring fair value measurements

The Group assessed that fair value of trade receivables, cash and cash equivalent, bank balances, loans, trade payable and other financial assets and liabilities except derivative financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments. The Company's borrowings have been contracted at market rate of interest. Accordingly, the carrying value of such borrowings approximate fair value.

(₹ In Cr.)

(iv) Significant Estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

(57) Merger by Absorption of Impex Metal & Ferro Alloys Limited with Maithan Alloys Limited in accordance with Appendix C- Business Combinations of Entities under Common Control of Ind AS 103, Business Combinations.

The Board of Directors of the Company in its meeting held on 28 May 2025 had approved a Scheme of Merger by Absorption (""Scheme"") of Impex Metal & Ferro Alloys Limited ("Wholly owned subsidiary of the Company") ("Impex") ("Transferor Company") with Maithan Alloys Limited ("MAL") ("Transferee Company") under the provisions of Section 230 to 232 and other applicable provisions of the Companies Act, 2013. The Scheme provides for the merger of Impex into MAL.

Application seeking approval of the Scheme was subsequently filed with Hon'ble National Company Law Tribunal (NCLT), Kolkata Bench on 02 August 2025.

Hon'ble NCLT, Kolkata Bench vide its Order dated 08 June 2026 sanctioned the Scheme and the said Scheme became effective upon filing of a Certified Copy of the said Order dated 08 June 2026 with Registrar of Companies, West Bengal on 30 June 2026 with the Appointed date as 31 March 2024.

Accordingly, the Company has given effect to the Scheme in the earlier approved consolidated financial statements for the year ended 31 March 2026 from the Appointed date of 31 March 2024 by revising the consolidated financial statements, which was approved by the Board of Directors on 16 May 2026.

These revised consolidated financial statements for the year ended 31 March 2026 have been prepared pursuant to the Scheme of Merger of Transferor Company with the Company from the specified retrospective appointed date of 31 March 2024.

The revision to the consolidated financial statements have been carried out solely for the impact of above referred merger and no additional adjustments have been carried out for any other events occurring after 16 May 2026 (being the date when the financial statements were first approved by the Board of Directors of the Company).

In line with the above, wherever the term "consolidated financial statements" is mentioned, it should be referred to as "revised consolidated financial statements".

Pursuant to the approved Scheme of Merger by Absorption, the Transferee Company has accounted for merger in its books as per the applicable accounting principles prescribed under relevant Indian Accounting Standards.

As Transferor Company was a wholly owned subsidiary of the Transferee Company, no consideration was discharged by Transferor Company pursuant to the Scheme of Merger by Absorption with Transferee Company.

(iii) All applicable cases where registration of charges or satisfaction is required to be filed with Registrar of Companies have been filed. No registration or satisfaction is pending at the year ended 31 March 2026.

(₹ In Cr.)

(iv) The Group has complied with the number of layers prescribed under clause (87) of Section 2 of the Companies Act, 2013 read with Companies (Restriction on number of Layers) Rules, 2017.

(v) The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (ultimate beneficiaries) or

b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiary

(vi) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding that the Company shall:"

a) directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (ultimate beneficiaries); or

b) provide any guarantee, security or the like on behalf of the ultimate beneficiary.

(vii) The Group has not operated in any crypto currency or Virtual Currency transactions.

(viii) During the year the Group has not disclosed or surrendered, any income other than the income recognised in the books of accounts in the tax assessments under Income Tax Act, 1961.

(60) With effect from 01 April, 2023, the Ministry of Corporate Affairs (MCA) has made it mandatory for every company, which uses accounting software for maintaining its books of account, to use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled. The Parent Company uses accounting software for maintaining its books of account for the financial year 31 March, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the accounting software. However, the audit trail feature is not enabled at the database level for accounting software and payroll software. This is being taken up with the vendor and subsequently it has been enabled on 14 May, 2024. Further, no audit trail feature was tampered with in respect to the accounting software including payroll software.

(61) On 21 November, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has evaluated the impact of the New Labour Codes in respect of its own employees and there is no material impact on the standalone financial results. The Company has evaluated the impact of the OSHWC Code, 2020 regarding contract labour. Based on this assessment and existing service contracts, there is no financial impact on the current reporting period. "The contractual obligation for statutory contributions and wage payments rests with the respective licensed contractors. The Company has monitored compliance and concluded that no secondary liability has devolved upon it during the reporting period." As the Company does not engage contract labour for "core activities," no additional direct liability or permanent employment obligations have been triggered under the new framework.

Dear Sir,

Re: Re-appointment as the Independent Director of Maithan Alloys Limited

We are pleased to inform you that in accordance with the applicable provisions of the Companies Act, 2013, the Board of Directors of Maithan Alloys Limited at its Meeting held today i.e. 13th August, 2026, has re-appointed you as an Independent Director of the Company, subject to the approval of the shareholders, for a period of five (5) consecutive years, not liable to retire by rotation.

Term of appointment

Your re-appointment is for a term of five (5) years commencing from 10th February, 2027 to 9th February, 2032, subject to the approval of the Shareholders.

Preliminary

You shall ensure the following compliances during your tenure as an Independent Director:

1. At the first meeting of the Board in every Financial Year or whenever there is any change, you will have to submit the following:

   a) a declaration stating that you meet the criteria of Independence as provided under Section 149 (6) of the Companies Act, 2013("Act") and clause (b) of sub-regulation (1) of Regulation 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and that you are not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact your ability to discharge your duties with an objective independent judgment and without any external influence.

   b) the Notice of disclosure of your interest in other entities under Section 184(1) of the Companies Act, 2013 read with Rule 9(1) of the Companies (Meetings of Board and its Powers) Rules, 2014 in prescribed Form MBP 1.

2. The number of companies in which you hold office as a Director or a Chairman or Committee Member shall not exceed the limit stipulated under the Act and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations');
